

Redevelopment works to Hartham Leisure Centre

Hartham Leisure Centre

Refurbishment of the existing leisure centre to create a studio space, crèche and quiet area, refurbish the club changing rooms and changing village to create new gym changing rooms and high specification village changing facilities, install new stairs and platform lift to access the new first floor gym and enhance the reception area with new barriers and sales area.

The first floor is to be converted into a new 80 station gym space, with various fitness zones with additional windows installed looking over Hartham Common to the rear elevation, views over the pool internally and an external metal fire escape stair.
