

COUNCIL – 11 DECEMBER 2013

NOTICE OF MOTION 2

East Herts Council calls upon the Secretary of State to help protect the sense of Place and community hubs by ensuring that planning permission and formal consultation is required before public houses and members social clubs are allowed to be converted into supermarkets, pay day loan stores, betting shops or other uses or are allowed to be demolished. Community consultation should include full and objective viability assessments for any such proposals.

The Council notes if this power were acquired it would allow the Council to determine if such pubs/clubs should be converted or demolished and could save valued community hubs.

East Herts Council resolves to submit a letter to the Secretary of State.

Proposed by Councillor C Woodward
Seconded by Councillor J Wyllie
