

ESSENTIAL REFERENCE PAPER 'C'

Received 21st October 2015:

Dear Oliver,

Thank you for your email and its subsequent reminder.

I have quickly read through the draft Statement and have only one comment to make apart from the fact that I found the document to be clear, thorough and extremely well written. Well done.

My only comment was on Page 23 where we refer to “self baring” rather than “ self barring.” I’ll leave you to consider the ramifications!

Best wishes,

Michael Freeman
