# East Herts Community Safety Partnership Action Plan 2010-11

The East Herts Community Safety Partnership has one priority for 2010-11;

#### Keep crime levels low and improve public confidence through reassurance and crime prevention measures

East Herts is a safe place to live, work and visit as shown in the Community Safety Partnership strategic assessment 2010-11 where crime levels are low compared to our Hertfordshire neighbours and against national trends. Furthermore, recent surveys and partnership consultation suggests that people in East Herts have high perceptions of crime when compared to the reality.

This single priority will enable the East Herts Community Safety Partnership to address the perception that crime levels are disproportionately high. If people have a high perception of crime in an area where crime levels are low, it suggests that they may be poorly informed, have been a victim of crime, are vulnerable or are affected by an issue that causes distress such as anti-social behaviour. The Community Safety Partnership will therefore focus its attention over the next 12 months on actions aimed at addressing issues relating to reassurance.

The success of the Community Safety Partnership over the 12 month period April 2010 – March 2011 will be measured on how successful partners have been on implementing the actions below, and through maintaining low crime rates.

The action plan is structured as follows:

Aim	Action	Measure	Lead	Support	Timescale	Update
Our	What will do and how. This	How we will	Who is	Which partners /	When we	Update on progress
goal	will be the minimum activity	know that we	responsible for	groups will help	will get it	
	carried out	have achieved	delivering it	deliver it	done
