Subject:Objection to License Variation for White Hart SG14 1BW

Importance:Normal

Dear Sir/Madam

I write to you to object to the proposed variation to the premises license of the White Hart in Salsbury Square, Hertford, SG14 1BW by McMullen and Sons Limited. Please can you confirm receipt of this objection by email.

I am resident, with my wife, at ' Market Place, SG14 pproximately 80-100 metres from the premises.

I object on the grounds that the licensee already impinges on the local neighbourhood with their existing activities, through the very large impact of noise on local residents. Music as allowed by the existing license is played extremely loudly into the early hours on every Friday, Saturday and Bank Holiday weekend.

It is also clear to me that the licensee does little to nothing to reduce the impact of their patrons leaving late at night into an area with many residential properties above the shops, allowing them to open later would only increase this impact.

The proposed removal of a limit of 499 patrons in the premises would increase the impact of both of the above.

In summary, I object to the application on the grounds that the licensee already shows little regard for the licensing objective of preventing public nuisance, and these changes would only increase the impact on the public.

Kind regards
