

Postcode	Road Name	In an RPZ?	Would like an RPZ?	Residents Comments
CM23 3PX	Aspley Close	No	Yes	Fed up with airport commuters parking cars down road for over a week at a time
CM23 3PX	Aspley Close	No	Yes	To stop airport and town residents parking cars on street and on footpath
CM23 3TB	Bedlams Lane	No	Yes	We have too many commuters parking in our street leaving their cars all day. Blocking our driveways. Worse is holiday makers that leave their cars for two weeks.
CM23 6E	Bevil Close	No	Yes	To prevent holidaymakers and commuters from leaving their cars parked for long periods
CM23 3JF	Brooke Gardens	No	Yes	Airport parking and commuters parking
CM23 3JF	Brooke Gardens	No	Yes	Because we are a lot of people parking for the station and airport
CM23 3JF	Brooke Gardens	No	Yes	Because we are a lot of people parking and more airside airport parking. We had a car parked nearby for 2 weeks and in that time it was vandalised and parked on a very dangerous road. People just dump their cars here for weeks and days and are not far!
CM23 3JF	Brooke Gardens	No	Yes	Airport and station parking is often dangerous
CM23 3JF	Brooke Gardens	No	Yes	We are not far from the station, so we live with commuter and airport parking
CM23 3JF	Brooke Gardens	No	Yes	Commuters. Airport parking on our road
CM23 2BG	Canons Close	No	Yes	Airport parking and commuter parking problems
CM23 2BL	Canons Close	No	Yes	To prevent work and airport parking along our street for the town and station. We also get people using George Padlock's parking here too.
CM23 2BL	Canons Close	No	Yes	To avoid commuters parking outside of our house which is very disruptive in terms of always disturbing me and my family also making getting on and off of my drive very difficult. They also are very rude and aggressive when confronted
CM23 3PR	Cawell Court	No	Yes	Too many parents parking to drop kids off school, others parking to go to town or train station and occasional parking to use Stained Airport
CM23 2DF	Denby Court	No	Yes	Because I am fed up with people parking in our street who either work at the local industrial estate or to park up and go on holiday via Stained Airport
CM23 5LJ	Dimdale Crescent	No	Yes	Stop non residents parking like commuters and people for the airport
CM23 5LJ	Dimdale Crescent	No	Yes	A lot of people park in our road for local offices and the airport. Having residents parking permits would mean less cars on our roads for half year across the pavement) Which would mean we could more safely cross the road, get out of our driveway and walk on the paths. It would also mean our elderly neighbors cars could easily park and therefore make their visit more effective
CM23 4RU	Ellenborough	No	Yes	During match seasons, holidays etc. Gets really busy by people parking their cars and taking transportation to the airport.
CM23 3TB	Fittids	No	Yes	I have a dropped kerb which is constantly being parked across by both people who park from other streets but worse than that people who arrive at a late time then to Stained Airport leaving their vehicle for 2 weeks! I have called East Herts more than 20 times and had the Police around 6 or 7 times. I have even highlighted my drop kerb with white paint and 588 people park over it. I have been stopped going to work twice as I couldn't get off my own driveway! The problem needs rectifying.
CM23 3TA	Fittids	No	Yes	Trouble finding somewhere to park due to people going to work, going on holiday or people just parking where they want who do not live in the area.
CM23 5DA	Fulton Crescent	No	Yes	Road closure
CM23 5DA	Fulton Crescent	No	Yes	An increase in inconsiderate airport parking makes accessing driveways difficult and is compromising the safety of the street because the line of vision is disturbed by parked cars and vans from airport parkers. Recently there have been several near misses with vehicles having problems seeing oncoming vehicles
CM23 5DA	Fulton Crescent	No	Yes	I am fed up with all the airport parking happening outside of my house which is very disruptive in terms of always disturbing me and my family also making getting on and off of my drive very difficult. They also are very rude and aggressive when confronted
CM23 3FT	Grove Gardens	No	Yes	To stop commuters, airport parking & bus deliveries on their school field
CM23 3ND	Grange Road	No	Yes	To prevent non residents parking there e.g. leaving their car for a week while they use Stained Airport
CM23 3ND	Grange Road	No	Yes	Household and most out on roads outside to airport commuters or people parking at the end of the school day
CM23 3ND	Grange Road	No	Yes	Large numbers parking in our street for the airport, train station, bus stop, shopping parking. Some even park on yellow lines and accept tickets as it's cheaper than airport parking! Residents are left with a fight for remaining parking spaces which effects the community feel of the road
CM23 3ND	Grange Road	No	Yes	I can't get parking outside my house! People come and park and go to the airport or commute and I can park on the street I live in. There are too small children and it is a safety when I can't park. I have been issued with 2 parking tickets on the road because there was no space for residents.
CM23 3ND	Grange Road	No	Yes	The current 1 hour 9 - 10am No Parking restriction is the worst of all worlds. Electricians, plumbers etc don't want to take on jobs as they have their vans blocked. Overnight visitors can't park outside the house. Most residents have had to turn their front garden into off road parking which increases rain run off. If we are going into work late we unable to park outside our own house from 9-10 so have to leave our car down in a ditch for an hour before we can move it back. And then on the stroke of 10:00am the road completely fills up with cars that stay well into the evening. Many of them working flexible hours 9am-9pm in other London based airports. We are frequently unable to find anywhere to park and make matters worse these commuters park over the entrance to our off road parking space either blocking our car in or preventing us from returning to it. A proper residents parking scheme would resolve all of these issues and could be combined with a road side paid parking scheme as it is in most of London.
CM23 3ND	Grange Road	No	Yes	We currently have a parking restriction on Grange Road from 9-10am. While this does prevent longer term holiday makers using the road as parking for Stained Airport, it is a safety hazard for anyone driving. Just the weekend arrivals had to turn their car outside my house from Friday morning until Sunday night, and during the week many people arrive at 10am to leave their cars on the road for their daily commutes, making it very difficult for any visitors or school residents to find parking. The existing system also makes it difficult to accommodate tradesmen working at houses on the road - a residents parking zone with permit and temporary passes solves this too.
CM23 5AG	Stortford Hill Park	No	Yes	To stop airport parking
CM23 5AG	Stortford Hill Park	No	Yes	Parking along Stortford Hill Park, particularly around Groveside House and Bilgrave House is at a premium. We suffer from holiday and airport commuters and people using Hockley Road-Essex school after hours
CM23 5AG	Stortford Hill Park	No	Yes	We have so many holiday parkers for Stained Airport and this cause so much difficulties to park my car even I live here! Our road is well known as a holiday parking space for all drivers who take too long to leave the road is for people who fly from Stained Airport.
CM23 5AG	Stortford Hill Park	No	Yes	Lots of school kids parking holiday parking 5.45 for a small portion of road to park up houses. Train station Parking cars
CM23 5AG	Stortford Hill Park	No	Yes	Parking for the lowlies! Last round the corner for the bus. Holiday parkers
CM23 5AG	Stortford Hill Park	No	Yes	Double park cars and leave for their holidays, meaning residents struggle to find a parking space
CM23 3PB	Havens Lane	No	Yes	Because there is barely enough parking for residents especially since the council introduced parking restrictions down one side of Wimbroke Road which was a godsend when it came to a bit of relief for those who suffer from commuter and airport parking which is now focused on the unrestricted side of the road where residents need to park. Within half the road have off street parking, one side of Wimbroke Road (those who Havens Lane addresses) rely on Wimbroke Road to park at the rear of their properties.
CM23 3PB	Havens Lane	No	Yes	Many Havens Lane houses on the right hand side as you go up the hill, past the turning for Wimbroke Road, have to park on Wimbroke Road itself, at the back of their homes. There is no resident parking on the side of Wimbroke Road that is next to those houses meaning that frequently the spaces are taken up by shoppers, commuters or airport users and so residents have to park far from their homes. If residents are elderly, pregnant or infirm it is especially difficult but regardless, residents without driveways should have the right to park near their homes, a right that residents of other parts of Stortford enjoy. Why should Wimbroke Road be any different?
CM23 3PB	Havens Lane	No	Yes	As a mother of two small children, I am often forced to park away from my home, having to haul out a toddler and a baby from there are cars regularly parked outside our house often for days or weeks at a time. We have witnessed people parking their car and walking into town or to the train station, as well as people parking their car and taking a suitcase with them, so clearly going to the airport, which is an extremely stressful and unnecessary situation for me and my family which could be easily remedied with parking permits.
CM23 3PB	Havens Lane	No	Yes	Can't park outside my house due to not leaving cars there for holidays
CM23 3BZ	Heath Row	No	Yes	The road is often used by people who park and then get the bus to the airport, leaving their car idle for a week.
CM23 3DN	Heath Row	No	Yes	Prevent airport visitors parking on streets. This is neglected as it's a direct bus route to the airport - regularly see people park then proceed to the Huron Grove/Heath bus stop to catch the bus to the airport. Makes the road dangerous if parked in certain spots.
CM23 3DV	Heath Row	No	Yes	Airport parking. If we had a no parking window then this would stop people parking outside and then calling a taxi to the airport.
CM23 4E	Honeyysale Close	No	Yes	Because people park their cars in our road then get a taxi or private hire to Stained Airport. Also one or two residents have their cars parked in their homes. One woman considers that she owns the road and expects her visitors to have parking by her house and then nearby neighbours have a long walk from their homes. Please bring permits - 247 all day
CM23 4RL	Honeyysale Close	No	Yes	Let's people from London leave their car here pay 200€ a tax to Stained Airport and enjoy their 2 week holiday than back again 200€ tax for 2 weeks parking 200€ is very cheap! No??
CM23 3JL	Kimberly Close	No	Yes	We are a small Close, not far from railway station and have cars, left all day, while their owners travel to work. All so we have cars parking, all the owners fly off from Stained Airport, they can be there for up to 2 weeks. Also while they visit Hertsmere Car Sales. The car sales employees also look over, as they close they want to buy. We have cars parked on the footpath causing the young mother and her two children to walk on the road. The dustman have to touch the bins as the bins can't pass because of the parked cars.
CM23 3NA	London Road	No	Yes	Too many commuters and holiday makers taking up the free parking so residents can't park. Ridiculous situation.
CM23 5EJ	Manston Drive	No	Yes	To avoid motorists blocking my drive while visiting the local shopping parade and also to deter people parking on our street and taking a cab or to the airport for holidays
CM23 5EJ	Manston Drive	No	Yes	To stop frequent airport parking
CM23 5EN	Manston Drive	No	Yes	Makes the road safer and stop airport parking
CM23 3JL	Mazze Road	No	Yes	Hell to park because of commuters and airport parkers
CM23 3JL	Mazze Road	No	Yes	To stop Mazze Road being used by commuters and Holiday parking for free. If we the residents go to town or the Airport we pay for our parking. These freeholders park all day or up to two weeks free of charge. How is this fair?
CM23 3JT	Mazze Road	No	Yes	Commuter parking airport parking no space for residents during the day
CM23 3JT	Mazze Road	No	Yes	Parking on the street is a struggle as a lot of the spaces are taken up by commuters for the train station and people parking up and waiting to the airport.
CM23 5BT	Pattings Lane	No	Yes	I am fed up with airport parking leaving their cars there for extended periods! This causes chaos
CM23 5BH	Flow Hatch Close	No	Yes	Airport parking
CM23 5BH	Flow Hatch Close	No	Yes	Airport parking
CM23 4DH	Fyrotank	No	Yes	I've noticed non-residential parking takes place, their every effort should be made to reduce this practice by deterring airport related parking, commercial vehicles, holiday related parking
CM23 3JL	Rhodes Avenue	No	Yes	To stop commuter holiday bus commercial vehicle parking and to stop vehicles parking across our driveways
CM23 3JL	Rhodes Avenue	No	Yes	We have too many people park in our roads and walk into town, to the train station, leave the car and go on holiday!
CM23 3JL	Rhodes Avenue	No	Yes	Overcrowded Street with people parking here from other streets that do have RPZs and airport/commuters parking here.
CM23 3JN	Rhodes Avenue	No	Yes	Residents cannot park because of shoppers, commuters, airport parking and we get the commercial vehicles that cannot park in nearby carlines zones.
CM23 3JN	Rhodes Avenue	No	Yes	Parking is a real issue - many cars park and are not moved for days or weeks - we are close to the station, and close to the airport
CM23 3QH	Scott Road	No	Yes	Shed full of commuters and holiday parking. Residents sometimes cannot park in their own street never mind near their house. We even have vans left near that bus parked there.
CM23 3QJ	Scott Road	No	Yes	Because people park there for school, work and leave cars there when they go on holiday and there'd be never parking for residents especially if they don't have a drive
CM23 3QJ	Scott Road	No	Yes	Feed up with people parking outside my house then go to work, shopping, station or even on holiday
CM23 3QJ	Scott Road	No	Yes	Because Firstly everyone parks outside and they end off on holiday for weeks on end. People park outside to go shopping in town for an hour. And they park in the train station and work. There is some many times, I have had to park in the next street to then have to walk my kids and shopping bag I may have well used online shopping. It's becoming a joke.
CM23 3UP	Shangari Road	No	Yes	We have a lot of people parking their cars and going to the airport which means that sometimes residents don't have a space to park
CM23 3UP	Shangari Road	No	Yes	Because holiday parkers and commuters fill our residential streets on a daily basis making parking outside my own home, or taking on the road, extremely difficult
CM23 3PS	Stained Road	No	Yes	Stop airport parking, commuter parking, and social parkers, business staff parking
CM23 3PS	Stained Road	No	Yes	Airport parkers. Stained Prestige used car dealer parkers approx 6 staff cars and also park up trade vehicles in prep for sale, awaiting the best repair man to come and fix etc etc
CM23 3PS	Stained Road	No	Yes	To keep airport, commuter, anti-social and shopping parking away
CM23 5BT	The Copse	No	Yes	We are one of the closest residential streets to the airport with a bus stop around the corner. We have cars parking in the early hours of the morning outside the house, with the occupants waiting for taxis to arrive. Other cars are parked for weeks with no consideration for homeowners. It's becoming intolerable with homeowners often coming into conflict with airport parkers. Something needs to happen in the form of yellow lines or parking permits
CM23 5FD	The Hedges	No	Yes	To stop airport parking and abuse by train commuters
CM23 3NG	Thonly Park Road	No	Yes	A parking restriction similar to that in use on Stortford (1000-1200) in Bishop's Stortford would be ideal. I would stop all the non residents and the ever increasing number of people who use a taxi to train to the airport for anything up to two weeks at a time. A 2 hour restriction would not affect the parents dropping off at school but would stop people who persistently use Thonly Park Road as a free car park.
CM23 3NG	Thonly Park Road	No	Yes	Airport cars park in our road and then get bus or train to airport. Plus we have lots of school cars parking here during the school holidays
CM23 3NG	Thonly Park Road	No	Yes	We are getting people parking there cars and leaving them to go to the airport. We live in a road with 2 schools and it is very dangerous
CM23 3NN	Thornes Road	No	Yes	Airport parking as our road runs off Thonly Hill which is the 308 airport bus route. School parking from Richard Whittington School
CM23 3NN	Thornes Road	No	Yes	There are multiple vehicles parked in our road. I assume people who visit the park, the school or people who leave their car here and end off on holidays from Stained Airport. The parking permits would eliminate this.
CM23 2PB	Wentworth Drive	No	Yes	Due to disruptive parking in our road and leaving no parking for Wimbroke Drive & Somergables residents due to the surrounding schools, staff parking at HRC Insurance company, started airport parking all wanting free parking as they are too busy to walk or pay for parking in town. When asked to park elsewhere as it is dangerous they are abusive and rude.
CM23 3JL	Wilton Close	No	Yes	We are a quiet, clogged with commuters and airport parking, also, no parking pavements and roads in the narrow bits due to parking in bad places
CM23 3JL	Wilton Close	No	Yes	We get a lot of town workers, commuters and airport workers. Sometimes the parking is dangerous or obstructive or we have car alarms going off with no-one around to sort them out. Residents are frequently left with no-one to park
CM23 3JL	Wilton Close	No	Yes	We experience both regular commuting and airport parking in our road which makes it difficult for both parking and driving at times. In addition as a young mum who uses a buggy I often find cars parked on pavements which make it impossible to pass. These cars again belong to commuters as they are not present overnight or at weekends.
CM23 3JL	Wilton Close	No	Yes	We constantly have problems with both commuters and holidaymakers for Stained airport leaving their cars in our road which is a small cut de sac.
CM23 3JL	Wilton Close	No	Yes	It is becoming a nightmare with commuters, airport parking and more importantly commercial vehicle storage and parking
CM23 5BS	Woodlands	No	Yes	Because of airport commuters, inconsiderate parking by people believe in children.
CM23 5BS	Woodlands	No	Yes	We suffer badly from airport parkers, we have lived here for 15 years. It has got steadily worse but this summer has been dreadful. I would like a couple of 1 hour parking bays for dog walkers / families using the woods, locals should not be penalised because of the airport
CM23 5BS	Woodlands	No	Yes	Our road is full of airport parkers who leave their cars for weeks sometimes partially blocking the road so refuse bins cannot access the whole street.
CM23 5BS	Woodlands	No	Yes	Airport parkers leave vehicles for weeks blocking the road and paths, bin collection could not take place one week
CM23 5BS	Woodlands	No	Yes	Airport parking
CM23 5BS	Woodlands	No	Yes	Holiday/Airport workers parking in the road for weeks), often they park with no consideration which causes problems for residents. Also the road doesn't actually have that much street parking and a lot of this is used by non residents. Recently due to bad holiday parking and a van driver reversing out of an area they couldn't turn in due to volume of cars my child was close to being hit as the holiday parker had blocked the pavement and we had to venture into the road. I did report this accident but it is a fact there are many children and people who walking at entrance to woods. It becomes dangerous for pedestrians due to selfish parking. If we can afford to go on holiday they can afford to pay airport parking!
CM23 5BS	Woodlands	No	Yes	To stop airport parking
CM23 3UR	Zambei Road	No	Yes	Road full of commuter and airport parking. Now installed with commercial vehicle bus. Some days will not leave house in car as I know I won't be back on return. Visits from relatives can't happen as they can't park.

CM23.3UR Zambesi Road	No	Yes	<p>It is a daily struggle to find a parking space on my street let alone outside my house, due to commuters and shoppers for the town, and even worse, people using it as holiday parking before taking the train to Starbuck airport. I have two young children and often many associated bags and accessories, which makes parking a long distance from my house extremely uncomfortable and inconvenient. Another issue is local residents from my and surrounding streets parking their large commercial vehicles in and around my street, each of which take up more space than a normal car.</p>
-----------------------	----	-----	--
