

APPENDIX B

BUDGET 2022/23 SAVINGS PROPOSALS

Economic Development

Corporate Priority: Economic Growth
Portfolio Holder: Jan Goodeve
LT Lead: Ben Wood

Description of Service: Membership fees for economic development

Description of Transformation/Efficiency Proposal:

We currently pay into the following organisations as follows:

- London Stansted Cambridge Corridor: £10,000 per annum (no timescales for review). Regional economic partnership (private and public sector) which lobbies for additional investment for government and undertakes marketing for inward investment for businesses
- Digital Innovation Zone (DIZ): £10,000 per annum (initially for 2 years – 2019/20 and 2020/21). East Herts and West Essex partnership (public and private) which shares best practice on digital collaboration and lobbies/ bids for digital infrastructure investment
- Central Zone Alliance (CZA): £15,000 per annum (Initially for 2 years – 2020/21 and 2021/22 sub-group of 5 districts in the in the LSCC who want to raise their profile. Currently this is not budgeted for and is paid supported through underspends elsewhere in the service
- Visit Herts: £5000 per annum (aligned to LEP contract with VH which expires 2021/22) contracted to deliver destination management and tourism services for Hertfordshire on behalf of LEP and 8 districts.

On the basis that for every organization except the LSCC we have entered temporary/ fixed term arrangements we can honour our agreements and then cease funding thereafter.

The LSCC and DIZ Boards have Executive Member presence on their Boards.

Generally speaking withdrawing from the CZA and BBfA would be the least controversial options.

What do the public say?:

None of these organisations - with the possible exception of Visit Herts who have a website to promote business and attractions – are widely known to the public.

Community Transport

Corporate Priority:	Enabling communities
Portfolio Holder:	Clr Graham McAndrew
LT Lead:	Jonathan Geall

Description of Service: Grant support to operators of community transport

Description of savings proposal:

Public transport is a county function in a two tier area. In the past, East Herts Council created a budget to assist with the start-up of community transport schemes in the wake of a reduction in some timetabled bus services. A number of schemes, plus a community car scheme, are now established and it arguably time to withdraw council funding.

The proposal:

- During the 2021/22 budget-setting round members approved a staged reduction in resources for grants for operation of community transport from £84k in 2020/21 to £21k in 2023/24.
- This new proposal is to (a) remove £21k from the 2022/23 budget (leaving £21k) and (b) remove the remaining £21k in 2023/24.

Of note:

- Recipients of community transport subsidy have been told for a few years now that the council's funding will reduce with a view it being withdrawn as the schemes become established.
- Recipients of community transport subsidy are all towns/parish councils (apart from the community car club operated by CVS) and so there is an ability for the town/parish to meet any ongoing need for subsidy from precepts.
- From this year, the Lynx demand responsive transport is in operation in the north of the district, arguably reducing the need for community transport schemes.

What do the public say?: No consultation conducted

EQUALITY IMPACT ASSESSMENT

Has an EQIA been completed? (If yes, date to be added)	No
--	----

What are the key issues raised in the EQIA?	It is likely that those with protected characteristics are over-presented in the passengers of community transport. If current operators were unable to continue services without council subsidy, these residents would be disproportionately affected. There are, however, potential mitigations (Lynx demand responsive transport in the north of the district, greater support from parish councils, access to the council's community grants to aid the transition to no council subsidy)

KEY ISSUES/ RISKS/ IMPACT OF PROPOSAL	
POSITIVE	NEGATIVE
1. Reduced revenue expenditure 2.	1. Possible reputational risk should someone wish to criticise the council for withdrawing its funding for community transport at a time of promoting greener travel

Description of Service: Provision of bed and breakfast accommodation as temporary accommodation for single people when the council's hostels are full

Description of savings proposal: Increase the charge from single people in bed and breakfast from £110.40 per week to £129.33 which represents the maximum that can be funded in full from housing benefit funds (from the government rather than East Herts). Based on an estimate of 408 total weeks a year for single people in B&B, this uplift equates to £7,723.44 **income** to the council from national housing benefit resources

Grants

Corporate Priority:	Engaging communities
Portfolio Holder:	Cllr Jonathan Kaye
LT Lead:	Jonathan Geall

Description of Service: Revenue grants to third sector / voluntary organisations to support the council's priorities

Description of savings proposal:

From 2021/22, the funding for both the council's revenue and capital community grants comes from the council's revenue budget. Thus, the two pots can be considered as one with, for the first time, members being able to determine the split between revenue and capital grant expenditure.

Proposals:

- Reduction of 25% in 2022/23 in the combined revenue and capital grants budget, that is £31k.
- Reduction of a further 25% (£31k) in the combined revenue and capital grants budget in 2023/24 giving total saving of £62k (50% in total).
- From 2022/23, replace £8k of the council's revenue spend on the combined revenue and capital grants budget with monies accruing in the East Herts Lottery Community Chest Fund. Note: the Community Chest monies are currently held in a suspense account pending a decision on their use.
- In 2024/25, end the sports development budget of £10k with the transition to potential s106 funding/external funding from 2024/25 enabled by funding from HCC Healthy Hub monies in 2022/23 and 2023/24 thus giving a corresponding saving to the council's revenue budget in these two years.
- Reduction in the council's grants to Citizens Advice (from a total of £152,018 from base budget and homelessness grant in 2021/22) by £13k in 2022/23, then another £10k in 2023/24 (giving a total reduction of £23k) and then another £10k in 2024/25 (giving a total reduction of £33k).

To note:

- The current split of community grants is £45k revenue and £80k capital. It is proposed to reduce the combined pot over the coming two years to then be £63k from 2023/24 onwards. Members now have the freedom to vary the balance of expenditure between revenue and capital grants and so could choose to continue to prioritise the existing level of revenue grant spend while reducing the capital spend.
- Town and parish councils can apply for community grants, although applications and allocations are low (in 2020/21 three capital grants totalling £24k were made and so far in 2021/22 two capital grants totaling £4k and one revenue grant of £200 were made). It is proposed to remove town and parish councils' access to the council's grants pot as they have the ability to raise their precepts to fund expenditure and it could be considered that they are diverting monies from community, voluntary and third sector groups with less ability to raise their own resources.
- With regard to the Citizens Advice Service, officers are aware that a number of authorities are reducing their grant level; Broxbourne BC no longer provides any grant to the local Citizen's Advice Service.
- Until 2020/21, East Herts Citizens Advice used £16k of its funding to pay the council for office space. We understand that they no longer have any office base and so could, in theory, absorb a reduction in council funding from lower office overheads.
- The council does and will continue to provide ad hoc to Citizens Advice. Previously, the

council has funded them to advice with EU citizen settled status applications and Covid work.

- The council will continue to support Citizen Advice's bids for external funding and indeed council officers are facilitating a range of third sector organisations coming together to put a combined bid to national funding sources, notably, the Big Lotto Fund.

Parking – Standard tariff 7 days

Corporate Priority:

Portfolio Holder:

Cllr Graham McAndrew

LT Lead:

Jess Khanom-Metaman

Description of Service:

Introduce standard car park tariff charges on Sundays across Council managed car parks.

Description of savings proposal:

As part of the 2020/21 savings proposals the Council agreed to introduce a flat rate £1 fee on Sundays which will go live in October 2022 to replace the current free Sunday parking. Given that a number of businesses are open on Sundays could be managed in the same way as the rest of the week. This proposal means customers will pay for parking on Sundays in line with the current Monday to Saturday charging structure.

The formula applied to produce the estimated financial returns: car park revenue divided by 6 (number of days currently charged) to produce a typical “daily” value and divided by one quarter on basis 25% of normal charges are achieved.

Description of Service:

Annual uplift in parking charges from April 2023

Description of savings proposal:

This proposal seeks to uplift parking charges on an annual basis in line with CPI in September (6 months prior the charge being implemented) but no less than 2.5% per annum from April 2023. Based on a 2.5% increase it is anticipated that this will generate approximately £75,000 per annum (assuming parking behavior does not alter significantly).

It is important to note that the applicable percentage uplift will be applied where it is practical to do so on tariffs and rounded up or down to align to the nearest 10 pence.

Playgrounds

Corporate Priority:

Portfolio Holder:

Cllr Eric Buckmaster

LT Lead:

Jess Khanom-Metaman

Description of Service: Parks & Open Spaces – Playground transfer to Town or Parish Councils

There are 63 play areas managed by EHC.

Description of savings proposal:

The proposal seeks to permanently transfer 10% (six) of play areas. The budget for playground inspections is approximately £100,000, broadly speaking this will provide a £10,000 saving. At this stage the proposal does not include any exit costs with the contractor for reducing the inspection work by 10%.

Members will need to agree the criteria for which play areas will be eligible for transfer

What do the public say?:

Whilst a neighbouring authority; North Herts, reduced spending by rationalising their play offer in 2018, this was achieved by transferring ownership of some play areas to Parish Councils and as part of a wider investment programme. Play areas in rural areas are generally already in the ownership of Parish Councils in East Herts.

East Herts has maintained a good record of safety across its play areas.

As part of our public engagement exercise to inform the development of a new Parks & Open Spaces Strategy, 179 customers completed an online questionnaire. 43% of respondents listed “opportunities for play” as one of the three most important things that people believe a park should offer. To put this into context, the highest choice was “habitats for wildlife” at 61% then “places to walk” at 45%.

Of the 94 separate comments, eight felt there should be no commercialisation and of these, one reflected that such an approach could alarm residents that play areas might be closed.

Members should also note that as Town and Parish Council operate play areas then EHC provision represents "double taxation" and should be remedied by either transfer of the asset to Town and Parish Councils, ceasing this provision or levying a special expense for council tax purposes. Generally the special expense route will be more expensive for the local taxpayers than the town or parish council taking over the playgrounds. Further detailed advice to parish councils on double taxation is available by following this link: [NALC Guidance on double taxation](#)

Paper Recycling Boxes:

Cllr Graham McAndrew

LT Lead:

Description of Service:

Paper Recycling Boxes

Description of savings proposal:

Removal of the 45L box option and lids for replacement containers. Standard 55L box offered for replacements.

Residents store 45L boxes inside recycling bin reducing recycling capacity of the bin.

45L boxes are broken and lost more frequently than 55L

45L boxes cost £3.14 more than the standard 55L box

55L boxes provide more recycling capacity

Availability of 45L boxes from manufacturers is increasing unreliable.

55L box is the standard box size in the majority of local authorities.

Lids can help reduce water content of paper – not all households use them.

Saving estimates are based on average purchase costs for 19/20, 20/21 and 21/22 YTD (4133 replacements). Further savings likely due to reduction in loss and breakages and consequently delivery costs.

In order to ensure there is service alignment within the shared service, work will need to be undertaken to achieve the same outcome for this proposal with North Herts where possible.

What do the public say?:

Some residents prefer the smaller box, because it fits inside the recycling bin.

Charging for bin delivery

Charging for new bin delivery at new developments and for replacement wheeled bins.

(Please note we are charging for delivery and not the bin which remains the property of the council). Where a replacement bin is required due to the contractor having lost or damaged the bin, then delivery will be free.

Description of savings proposal:

In 20/21 we replaced over 16,500 bins and boxes. The cost of replacing bins, boxes amounts to circa £200,000 across the services. This proposal is to charge for the delivery of replacement residual (black) bins only at a cost of £40 for a new 240L bin and £25 for a refurbished 240L residual (black) bin based on 40% of bins being refurbished and a 20% reduction in black bin replacement. Refurbished bins will be offered only when available. Other bins principally blue lidded recycling bins will also be refurbished but not charged to continue to encourage recycling participation.

Description of savings proposal:

The proposal is for the transfer or cessation of the provision of public conveniences in Buntingford and the cessation of the Community Toilet Scheme. At the current time EHC maintains only one facility which is in Buntingford. All other facilities previously maintained by EHC have either been closed or transferred to a third party.

The Community Toilet Scheme has been operating for over 12 years. There is little public awareness of the scheme and the scheme does not provide improved coverage of toilet provision in the district over and above what is normally available.

What do the public say?:

It is unknown at this stage if the toilets are of value to the community.

Although no approaches have been made the Operations Team would explore opportunities for the transfer of responsibility for Buntingford Toilet.

EQUALITY IMPACT ASSESSMENT

Has an EQIA been completed? (If yes, date to be added)	Initial assessment as part of wider proposals
What are the key issues raised in the EQIA?	The closure of Buntingford would likely impact on elderly, disabled or pregnant visitors to the town as the more likely primary users of the facilities.

KEY ISSUES/ RISKS/ IMPACT OF PROPOSAL

POSITIVE	NEGATIVE
<ol style="list-style-type: none"> Reduction in revenue costs Reduced need for Capital costs associated with refurbishment 	<ol style="list-style-type: none"> Reduced availability of facilities for residents

CORPORATE PRIORITIES ASSESSMENT

Sustainability	Economic Growth	Enabling Communities	Digital by Design
Facility is old in design with no consideration of sustainable design		The provision of toilets is seen as necessary by some users. However toilets are not provided in other towns.	

LEGAL IMPLICATIONS

The provision of public toilets is non-statutory.

Community Toilet Scheme contractual arrangements will require review.

Any transfer of the Buntingford facility would require legal to draft an agreement.

A contract variation would be required for the waste and street cleansing contract.

Internal Audit Days

Corporate Priority: All
Portfolio Holder: Councillor Williamson
LT Lead: Steven Linnett

Description of Service:

Internal Audit Services provided by Hertfordshire Share Internal Audit Services (SIAS)

Description of savings proposal:

To reduce the number of audit days purchased from SIAS whilst still ensuring appropriate assurance is received on the Council's services. External audit no longer rely on the work of Internal Audit to reach an opinion on the statement of accounts and given the number of outsourced services the section 151 officer feels it is appropriate to reduce the number of audit days to 250 which would provide coverage of all major systems and with the changeover of audit approach to assurance mapping, Members should not see any reduction in the coverage of internal audit work.

The savings proposal will need to be discussed at Audit & Governance Committee. The Committee previously felt that 300 days was the minimum Internal Audit work required but this was before the introduction of the Assurance Mapping approach to internal audit as recommended by the ICAEW and other professional bodies. For comparison Stevenage BC which has a Housing Revenue Account and in-house services for waste and recycling has a total of 315 audit days.

What do the public say?: SIAS performs well and this is reflected in positive user surveys. The recommendations and reports provided are of a good standard. The public would not be aware of the work of SIAS.

No

What are the key issues raised in the EQIA?

KEY ISSUES/ RISKS/ IMPACT OF PROPOSAL

POSITIVE	NEGATIVE
12. Cost reduction will not impact on direct service provision 13. 14.	9. Increased risk of a lack of internal control, or a failure in internal control, being identified and rectified although assurance mapping approach will mean Members and management should be able to identify control gaps and rectify them far more easily than the traditional substantive testing approach. 10. 11.

	Savings can be used to fund revenue budget		

LEGAL IMPLICATIONS

The Council is responsible for ensuring an adequate system of internal audit and the s.151 officer advises that an adequate system of internal audit can be delivered in 250 days, rather than the current 300, without affecting the adequacy of the system of internal audit.

Gilston Planning Costs Pressure Reduction

Corporate Priority:

Portfolio Holder: Jan Goodeve

LT Lead: Sara Saunders

Description of Service:

The Gilston Area is identified in the District Plan as providing 10,000 new homes to 2033 and beyond. It forms a significant part of the Council's development strategy for the district and will provide a large contribution to the Council's overall housing supply. It also forms part of the Harlow and Gilston Garden Town which involves four new garden neighbourhoods in and around Harlow delivering 16,000 homes by 2033; Five local authority partners working together; a sustainable transport vision to achieve a 60% shift to sustainable modes of transport; and £172m of government support through the Housing Investment Grant (HIG) to help fund infrastructure and accelerate delivery. We are signed up, with partners, to deliver an ambitious programme of transformative development and healthy new places through the Garden Town Vision.

Description of savings proposal:

The planning of the Gilston Area is at a critical stage with the outline applications and river crossing applications due to be determined over the coming months. Other related work streams including masterplanning are already underway and require significant input in order to shape the detailed proposals. At the same time, the governance of the Harlow and Gilston Garden Town is being reviewed reflecting the shift in emphasis from the policy stage to the delivery stage.

Support for the planning of the Gilston area has been flagged an ongoing budget pressure. This includes an additional £247,000 to support the planning function for Gilston area. Having reviewing the planning support required this could be reduced by £40k bringing the planning costs down to £207,000.

What do the public say?:

Planning is an open and transparent service which can attract a significant amount of public interest.
