

[Equality Impact Assessment Form \(EQIA\) for Discretionary Grants Programme](#)

Updated by Simon Barfoot August 24th 2023 based on previous version created 28 January 2021

Title of EQIA (policy/change it relates to): Discretionary Grants Policy

Date: 24 August 2023

Team Department: Community Wellbeing and Partnerships

Focus of EQIA (*What are the aims of the new initiative? Who implements it? Define the user group impacted? How will they be impacted?*): To administer a Community Grants Programme in a fair, consistent and transparent manner to help take forward the council's corporate priorities in sustainability, engagement and collaboration with the community, economic growth and digital innovation. Officers within the Community Wellbeing and Partnerships Team will manage the programme with administrative support. All residents in East Herts benefit.

- widen access to arts and culture through using health and wellbeing especially among those who haven't participated in the past
- involve residents in delivering community health and wellbeing projects including food banks and similar projects which benefit those most in need
- encourage communities to identify a local physical and/or mental health and wellbeing issue and address it together

- promote environmental sustainability activities which encourage individual and community changes of attitude and behaviour
- help community buildings and venues to become more environmentally sustainable
- bring different generations together
- enable young people and families to take care of their mental health, achieve a healthy weight and stay active
- support residents experiencing loneliness, isolation, domestic abuse, cost-of-living challenges, or those who find it difficult to interact with the community
- support those that the council doesn't typically engage with very well or those who prefer face-to-face contact
- use outdoor spaces and community buildings more effectively, maximising their potential
- provide activities to support Dementia Friendly East Herts
- create safer and resilient neighbourhoods which promote community belonging.

Assessment of overall impacts and any further recommendations

The council is committed to ensuring that individuals or groups of individuals from the under-represented protected characteristics group are encouraged to apply for a grant and are supported to feel that grants are “for them.” At all times, it aims to take an inclusive approach and ensure that any individual or group that wants to be able to fully participate in applying for a grant. An independent audit (Dec 2019) concluded that there is satisfactory assurance that there are effective controls in place and good decision-making processes.

The policy prioritises projects that deliver in areas of deprivation in East Herts (Section 7). This takes into account how less deprived areas are considered in the grants making process. It is acknowledged that all protected characteristics are economically impacted in different ways and the process takes steps to prioritise or allocate more points within the assessment process (Section 4)

This impact assessment was updated in 2023 using previous officer experience, current insight and data information. This built on previous Equality Officer discussions which identified that within the eligibility for grants, the requirement for 'open door membership' should not act as a barrier to groups who may have an occupational requirement to recruit internally within a protected characteristic, under Schedule 9 exceptions to the Equality Act 2010. This could be relevant to any protected characteristic, especially if considered under positive action. This means that the "open door membership eligibility criteria could prove restrictive for organisations that require or strongly prefer a proportion of their beneficiaries to have a specific characteristic. It is proposed therefore that the wording for this criterion is adjusted to explain that the occupational requirement provides an exception to this and allows positive action in this situation. (See action in Table 4 below)

Information about grants is available through the council's ebulletin and is promoted on social media and via elected Members, parish and town councils and printed parish and resident newsletters. Traditional flyers are also produced on occasion and distributed to libraries, leisure centres and village halls. Information on deadlines and priorities is available on the website.

Announcement about deadlines is done via emails to Members, external partners and database of known community and voluntary organisations. Members are asked to refer organisations to the scheme.
