RESOLVED ITEMS

441 MINUTES

RESOLVED - that the Minutes of the Development Control Committee meeting held on 18 November 2009 be confirmed as a correct record and signed by the Chairman.

442 3/09/1405/OP – DEMOLITION OF 39 and 41 HAYMEADS LANE TO PROVIDE ACCESS AND RESIDENTIAL DEVELOPMENT AT LAND TO THE REAR OF 37 – 57 HAYMEADS LANE, BISHOP'S STORTFORD FOR EUROPEAN LAND HOLDINGS LIMITED.

Mr Haswell addressed the Committee in opposition to the application.

The Director of Neighbourhood Services recommended that, in respect of application 3/09/1405/OP, subject to the applicants entering into a legal obligation pursuant to Section 106 of the Town and Country Planning Act 1990, planning permission be granted subject to the conditions now detailed.

The Director commented that he had received a further letter of objection on points already covered in the report. He commented that any legal Agreement required the agreement of all parties before progress could be made.

Councillor R Gilbert commented that the application was development "by stealth". He stated that Haymeads Lane was blocked twice a day by traffic and there were sound highways reasons for refusing the application.

Councillor Mrs M H Goldspink expressed concern in respect of the traffic implications and the demolition of the two houses. She objected to back land development which diminished the amount of open space, on planning and traffic reasons.

The Chairman referred to the costs awarded at a recent inquiry for the same development which the Inspector had found to be acceptable in all respects other than a legal agreement which had not been signed. This had resulted in costs being awarded to the appellant.

Councillor R I Taylor supported Councillors Gilbert and Goldspink in disagreeing with the Inspector's decision and

the planning application before Members.

Councillor K Barnes expressed sympathy for the residents and considered that the damage done by the Inspector was doubly detrimental to the area. He stated that it was very difficult to get to the hospital and that it was inappropriate to demolish the houses for something nobody wanted.

Councillor J Demonti commented on whether it was possible to place a condition stating a maximum number of dwellings.

The Director commented that the Inspector had found that the proposed development was acceptable and that the Council's previous refusal reason was not sustainable. He stated that if there had been no other changes since February when the application was submitted, he could not see how a case to refuse could be made now.

The Director urged Members to be cautious otherwise the Council could be liable to appellant's costs. He referred to the fact that reserved matters needed to be resolved before development could progress and therefore the Council retained control over the number of properties that would be developed.

In response to a query from Councillor R Gilbert, the Director stated that sufficient information had been provided for this to be considered as an outline application. The Director commented that if a decision was not taken there was a risk that an appeal could be lodged on the grounds of non-determination.

Councillor D A A Peek did not support the application and stated that Members were "being boxed into a corner". He expressed concerns in respect of the traffic implications despite what had been said by Highways Officers.

Councillor M Wood stated that residents were very concerned about the application. He referred to the fact that the Town Council had not supported the application on two occasions and of the harm which would be done to the street scene. He stated that the Council was been “railroaded” into making a decision which nobody wanted. He stated that Members’ had a difficult decision to take in difficult circumstances.

After being put to the meeting and a vote taken, the Committee supported the recommendation of the Director of Neighbourhood Services that, subject to the applicants entering into a legal obligation pursuant to Section 106 of the Town and Country Planning Act 1990, application 3/09/1405/OP be granted subject to the conditions now detailed.

applicants entering into a legal obligation pursuant to Section 106 of the Town and Country Planning Act 1990, planning permission be granted subject to the conditions now detailed.

The Director commented that the Council's Housing Development Officer was supportive of a condition giving priority to local residents. The Director stated that, as this was a rural exception site, Officers considered that such a condition was appropriate, contrary to the comments detailed in paragraph 7.9 of the report now submitted.

The Committee was advised that further letters had been received in support of the application and querying issues such as drainage, and waste disposal. Other issues had been raised in relation to the area not being able to sustain the proposal and complaining about the loss of another agricultural dwelling.

The Director referred to the local need in relation to occupancy conditions. Councillor Mrs M H Goldspink supported the application and requested that Officers consider energy efficient measures such as solar panels and dual flush toilets.

Summary of Reasons for Decision

The proposal has been considered with regard to the policies of the Development Plan (East of England Plan May 2008, Hertfordshire County Structure Plan, Minerals Local Plan, Waste Local Plan and East Herts Local Plan Second Review April 2007), and in particular ENV1 and ENV2. The balance of the considerations having regard to those policies is that permission should be granted.

445 3/09/1282/FP – 2 NO. REAR EXTENSIONS TO STORAGE AREAS OF 251 SQM AND 100 SQM WITH ASSOCIATED INTERNAL RE-CONFIGURATION TO CREATE ADDITIONAL 588 SQM SALES AREA AS TESCO STORE, WARE ROAD, HERTFORD, SG14 1QT FOR TESCO STORES LTD.

Mr McCormick addressed the Committee in opposition to the application. Mr Hall spoke for the application.

The Director of Neighbourhood Services recommended that, in respect of application 3/09/1282/FP, subject to the applicants entering into a legal obligation pursuant to Section 106 of the Town and Country Planning Act 1990, planning permission be granted subject to the conditions now detailed.

The Director commented that a letter had been received from the agent on behalf of Sainsbury's requesting that the matter be deferred until a decision had been made by the Secretary of State on a related application. He stated that a resident had referred to anti-social behaviour on the path through Blue Coats Yard.

Councillor P A Ruffles stated that he had sympathy with the Town Council and hoped that the matter could be deferred. He felt that additional capacity for the

supermarket had not been demonstrated and was concerned of the impact on traditional trading and the Town Centre's vitality. Councillor Ruffles referred to the fact that Hertford was an ancient town and that fact made it distinctive. He commented that to make a decision on the application when the benefit of knowledge and the Inspector's decision was "around the corner" was not very sensible. He urged Members to defer the application.

The Director stated that East Herts Council had employed Retail Advisors to comment on the impact of the proposal and related ones. Their comments were that national tests of PPS6 had been met and these had been taken into account.

Councillor B M Wrangles was pleased to see that the service yard would be managed and requested a condition to prevent pavement parking by lorries. She also expressed concern about the landscaping in Mill Road and queried whether Tesco would keep this area clean.

The Director confirmed that there were already restrictions on parking in the area and that Service Yard Management had been agreed by Highways Officers.

Councillor R Gilbert stated that he was not convinced that the application would not generate more cars and that there was already a shortage of parking space. He suggested that Members should wait until a decision had been taken on Sainsbury's appeal then an assessment could be carried out on "real" figures.

The Chairman stated that Hertford could cope with Tesco and Sainsbury's. Councillor S Rutland-Barsby stated that the retail assessment had stated that the town could support both these developments. Councillor R N Copping commented on the problems of parking.

The Director referred to Highways Officers' comments in relation to parking. He commented that conditions would

be imposed in terms of periods of time for shoppers parking. He stated that the consultants had taken into account the possibility of the Sainsbury's application being supported by the Inspector when considering the proposals. He stated that this application was beyond the non-determination period and that an appeal could be lodged.

A motion to defer the application was put to the meeting and was LOST.

The Committee supported the recommendation of the Director of Neighbourhood Services that, subject to the applicants entering into a legal obligation pursuant to Section 106 of the Town and Country Planning Act 1990, application 3/09/1282/FP be granted subject to the conditions now detailed.

The areas shown for parking shall be retained for such use and the development shall thereafter be occupied in accordance with the approved details unless as otherwise may be agreed in writing with the local planning authority.

Reason: To ensure the operation of the car park respects neighbour amenity and supports linked shopping trips to the town centre in accordance with Policies ENV1, TR1 and STC1 of the Adopted East Herts Local Plan 2007 and national planning guidance in PPS1 and PPG13.

4. Prior to the commencement of the development, details of a phasing programme for the development of the site; methods for accessing the site and provisions for construction traffic access; wheel washing facilities; associated parking areas and storage of materials shall be submitted to and approved in writing by the Local Planning Authority. - 7. The service yard area as indicated hatched on plan 209054 12 A shall be permanently kept clear for the parking and manoeuvring of service vehicles for the lifetime of the development.

- 8. The extended store hereby permitted shall retain and maintain at least one pedestrian access point from Railway Street, one from Mill Road and two from Ware Road to provide customer access during store opening hours or in the case of Railway Street between 7am and 10pm.

Reason: To promote the use of the store by customers on foot and reduce the need to travel by private car in accordance with

Reason: To ensure that the store connects well with its surroundings and promotes linked trips and sustainable transport trips in accordance with Policy ENV1 and STC1 of the adopted East Herts Local Plan 2007.

11. Landscape Design Proposals (4P12) Parts (a) levels (b) means of enclosure (e) hard surfacing materials. (i) planting plans (k) schedules of plants. Add – “The details shall provide for the redesign and enhancement of the customer car park and the landscape space along Mill Road including additional tree planting and more attractive pedestrian routes through the area.”

13. Prior to the first use of the development hereby permitted, a plan to indicate the extent of floorspace given to comparison goods shopping, an area not exceeding 10% of the net sales floor area shall be submitted to and as approved in writing by the local planning authority. The use of the store shall thereafter continue in accordance with the plan or as may otherwise be agreed in writing by the local planning authority.

Reason: To maintain the convenience goods function of the store, and control the potential

Reason: To ensure the qualitative benefits of the proposal are achieved having regard to the site's edge of centre location and in accordance with national guidance in PPS6.

15. Prior to the occupation of the development hereby permitted, the CHP plant subject of application 3/09/1696/FP, or such alternative as may be permitted by the local planning authority, shall be installed and operational and thereafter maintained for use with the approved scheme.

Reason: To ensure the development incorporates energy efficiency measures and in accordance with policies ENV1 and SD1 of the East Herts Local Plan Second Review April 2007.

Plan and East Herts Local Plan Second Review April 2007), and in particular ENV1, ENV2, TR1, TR2, TR7, BH5, BH6, BH12 and STC1. The balance of the considerations having regard to those policies and national planning guidance in PPS1, PPS6 and PPG15 is that permission should be granted.

446 3/09/1189/FP – CHANGE OF USE OF FORMER LIME WORKS BUILDINGS TO USE ASSOCIATED WITH NEARBY ANIMAL RESCUE SANCTUARY AND FORMATION OF STAFF AND VISITORS PARKING AREA OFF EXISTING SITE ACCESS AT THE OLD LIME WORKS, FARNHAM ROAD, BISHOP'S STORTFORD, HERTS CM23 1JD FOR THE ANIMAL RESCUE CHARITY.

Mr Rose addressed the Committee in support of the application.

The Director of Neighbourhood services recommended that, in respect of application 3/09/1189/FP, planning permission be refused for the reasons now detailed.

The Director stated that the Animal Charity had confirmed that they considered the buildings on the site to be in sound condition. The Charity anticipated that there would be 12 vehicular movements per day. The charity also confirmed that they were willing to accept a condition requiring the closure of the northern access.

Councillor D A A Peek stated that the majority of people in Bishop's Stortford supported the proposal and this was a very valuable commodity to the residents of Bishop's Stortford and the surrounding area. He stated that the Sanctuary provided very good work and that the people working there had a vocation to do this type of work. He commented that he had visited the site and accepted that this was within the Green Belt and that there were access problems but that this application had a great deal of support.

Councillor K Barnes referred to the good work undertaken by the Charity. He stated that a lot of work was voluntary and that the application was more about a change in name rather than function. He referred to the access and suggested that the dangers could be overcome by using the other access. He hoped that the application would be granted and stated that it would be detrimental if it was not.

Councillor R Gilbert suggested that the southern entrance should be the entrance and the northern one, the exit. Councillor M R Alexander supported approval of the application.

The Director commented that a range of conditions could be attached including a condition to control the access arrangements to the site.

Councillor D A A Peek moved and Councillor K Barnes seconded a motion that application 3/09/1189/FP be approved.

After being put to the meeting, and a vote taken, the motion was CARRIED.

The Committee rejected the recommendation of the Director of Neighbourhood Services that application 3/09/1189/FP be refused.

RESOLVED – that in respect of application 3/09/1189/FP, planning permission be granted subject to the following conditions:

DNS

1. Three Year Time Limit (1T12).
2. No development shall take place until the existing northern vehicular access has been permanently closed in accordance with a detailed scheme which shall have been previously submitted to and approved in writing by the local planning authority.

Reason: In the interests of highway safety.

3. No development shall take place until a properly consolidated and surfaced turning and parking space for vehicles has been provided at the southern entrance in accordance with details to be previously agreed in writing by the local planning authority. Thereafter the turning/parking space shall be permanently retained in accordance with the approved details.

Reason: So that vehicles may enter and leave the site in forward gear in the interests of highway safety.

Mr Kirby addressed the Committee in support of the application.

The Director of Neighbourhood Services recommended that in respect of applications 3/09/1430/LB and 3/09/1431/AD Listed Building Consent and Advertisement Consent be refused.

Councillor Rutland-Barsby stated that the shop sign had been covered for 80 years and that the sign there now was very acceptable, was elegant and did not look out of place.

Councillor R Taylor commented that the property had been viewed as part of the Planning tour of the District and felt that the sign was acceptable. Councillor S A Bull stated that the Town Council supported the sign.

The Director stated that that Council had refused the first proposal because of concerns about covering up the sign and that the Inspector had agreed with that view.

In response to a query from Councillor M R Alexander about the change between the original decision and now, the Director explained the background leading up to the recommendation to support enforcement action and the refusal of the application.

Councillor S Rutland-Barsby moved and Councillor R I Taylor, seconded a motion that applications 3/09/1430/LB and 3/09/1431/AD be approved.

After being put the meeting, and a vote taken, the motion was CARRIED.

Justification (LB) Summary of Reasons:

The proposal has been considered with regard to the policies of the Development Plan (East of England Plan May 2008), Hertfordshire County Structure Plan, Minerals Local Plan, Waste Local Plan and east Herts Local Plan Second Review April 2007) and in particular BH10 and BH15. 452 E/08/0447/A – UNAUTHORISED ERECTION OF A LARGE UMBRELLA ROOFED STRUCTURE WITH A LOGO ADVERTISMENT AND GLASS SCREENS AT THE HOST BAR, 4 THE CORN EXCHANGE, MARKET SQUARE, BISHOP'S STORTFORD CM23 3UU

The Director of Neighbourhood Services recommended that in respect of the site relating to E/08/0447/A, enforcement action be authorised on the basis now detailed.

Councillor J J Taylor, expressed sadness that this had progressed in this manner. She commented that it was a lively corner and that it enhanced Bishop's Stortford.

Councillor Mrs M H Goldspink stated that it was a difficult application to consider because HOST was a flourishing business and that there was a great deal of goodwill towards this. She stated that if the Council took enforcement action, it would significantly impact on the business. She referred to the fact that the structure there was permanent, without planning permission, on a Listed Building and within a Conservation Area and was not in keeping with the area. To all intents, it was an extra room which had been built on.

Councillor K A Barnes stated that this application would set a precedent if no action was taken. He suggested that HOST should be given time to comply with the Enforcement Notice. He emphasised that HOST enhanced the town but should be compliant with planning legislation.

Councillor R I Taylor commented that he was disappointed that the owner had chosen to take his application and views through the press and refused to consider this matter with the proper Authorities. He stated that the "umbrellas" had been put up without any consent, the owner had not contacted the Council and this was unsatisfactory.

Councillor D A A Peek commented that residents should be afforded some respite from these structures. He suggested that enforcement action be continued, but to give the owners 12 months to comply.

Councillor M R Alexander suggested that Members would be still looking at the same structures within 12 months and suggested that the period for compliance be reduced to 3 months.

The Director stated that Officers had been considering

enforcement action for a number of months but were hoping that the matter could be resolved through a further application for acceptable structures at the site. He stated that officers were aware that it was an important business in the town, but there had been a considerable period of time for compliance which had not been achieved. Officers supported a proposal to allow six months for a period of compliance.

After being put to the meeting and a vote taken, the Committee supported the Director's recommendation for legal proceedings to be authorised in respect of the unauthorised structures in relation to E/08/0447/A and that the period for compliance be amended to 12 months.

RESOLVED – that (A) in respect of E/08/0447/A, the Director of Neighbourhood Services, in consultation with the Director of Internal Services, be authorised to take enforcement action under Section 38 of the Planning (Listed Buildings and Conservation Areas) Act 1990 and/or Section 172 of the Town and Country Planning Act 1990 and any such other steps as may be required to secure the removal of the unauthorised works.

DIS

Period for compliance: 12 months.

Reasons why it is expedient to issue an enforcement notice:

1. The large umbrella roofed structure, by reason of its size, siting, form, design and materials of construction, does not respect the character and appearance of the existing building; obscures this important elevation and appears overly dominant and conspicuous in the street scene. The development is thereby contrary to policy ENV1 of the East Herts Local Plan Second Review April 2007.

2. The development by reason of its size, form, design and materials of construction is detrimental to the setting of the Grade II listed Corn Exchange and the character and appearance of the Conservation Area of Bishops Stortford wherein the site is situated. The development is thereby contrary to policies BH6 and BH12 of the East Herts Local Plan Second Review April 2007.

3. The development by reason of its size, siting, form, design and materials of construction would be out of keeping with and detrimental to the character, appearance and setting of the Grade II Listed Corn Exchange contrary to policy BH10 of the East Herts Local Plan Second Review April 2007.

(B) the Director of Neighbourhood Services, in consultation with the Director of Internal Services, be authorised to commence legal proceedings under Section 224(3) of the Town and Country Planning Act 1990 and any such further steps as may be required to secure the removal of the unauthorised advertisement.

DNS/
DIS

Reason why it is expedient to commence legal proceedings:

1. The advertisement by reason of its size, siting, form, design and materials of construction is out of keeping with and detrimental to the character and appearance of the Conservation Area, which would thereby be contrary to policy BH15 of the East Herts Local Plan Second Review April 2007.

Period for compliance: 30 days

Reason why it is expedient to issue a Section 215 Notice:

1. The condition of the land is detrimental to the amenity of the surrounding area by reason of the overgrown vegetation in the gardens and by the poor condition of the dwelling itself.

The Director of Neighbourhood Services recommended that, in respect of the site relating to E/09/0426/B, enforcement action be authorised on the basis now detailed.

The Director stated that additional letters had been received strongly opposed to the breach of conditions in relation to the roof. Councillor D A A Peek provided comments on behalf of Councillor G D Scrivener supporting a proposal to take enforcement action.

The Committee supported the Director's recommendation for enforcement action to be authorised in respect of the site relating to E/09/0426/B on the basis now detailed.

RESOLVED – that in respect of E/09/0426/B, the Director of Neighbourhood Services, in consultation with the Director of Internal Services, be authorised to take enforcement action under Section 38 of the Planning (Listed Buildings and Conservation Areas) Act 1990 and any such further steps as may be required to secure the removal of the mineral felt on the flat roof of the link extension to the listed building and its replacement with zinc as shown on the approved plans.

DNS/
DIS

Period for compliance: 4 months

Reasons why it is expedient to issue a listed

building enforcement notice:

1. The material used to roof the link extension is not in accordance with the approved plans granted under references 3/08/0387/FP and 3/08/0553/LB and is inappropriate on a listed building. As such, it detracts from the historic character and appearance of the listed building, contrary to policies BH10 and BH12 of the East Herts Local Plan April 2007.

DNS/
DIS

Period for compliance: 1 Month

Reasons why it is expedient to instigate legal proceedings:

Conservation Area, contrary to policy BH15 of the East Herts Local Plan Second Review April 2007.
