MEETING : DISTRICT PLANNING EXECUTIVE PANEL
VENUE : COUNCIL CHAMBER, WALLFIELDS, HERTFORD
DATE : THURSDAY 17 JULY 2014
TIME : 7.30 PM

This page is intentionally left blank

Background

This report provides an update on respondents and comments entered to the consultation Portal as of 17 July 2014. It updates the initial report provided to the District Planning Executive Panel, which was based on data from 23 June 2014.

Once all the responses have been entered to the Portal, and quality control checks have been completed, a final report on the consultation responses will be posted to the Council's website at www.eastherts.gov.uk/districtplan

Process

There are 6 steps in the approach to addressing the consultation feedback:

1. Collate and input to the appropriate consultation point on the Portal, to enable ease of retrieval and systematic consideration of the planning issues
2. Identify the planning issues from the feedback received
3. Draft response to each planning issue raised
4. Undertake additional technical work and investigations as necessary
5. Amend Plan in response to the above
6. Material Amendments Consultation (anticipated towards the end of 2014)

This work will take place alongside other technical work already identified as part of the District Plan work programme.

Summary

There were two sources of consultation responses: standard responses and direct responses to the Council's consultation. Taking the direct responses together with the standard responses, the overall response to the consultation was in the region of 3,700 individual submissions.

A) Standard Responses

A significant number of comments were received using standard response forms containing signatures and in some cases bearing additional comments.

- **Watton-at-Stone:** 481 responses received in relation to Chapter 10: Villages.
- **STOP Harlow North.** 2,184 responses received in relation to Chapter 12: The Gilston Area.

The full list of named respondents has been collated and may be found on the Portal under the 'Supporting Documents' tab. See <http://consult.eastherts.gov.uk>

B) Direct responses to the Council's consultation

As of 17 July 2014, 1,017 individual responses had been received and entered to the consultation Portal. A breakdown of the responses is shown in the tables. A number of emails still remain to be entered onto the Portal.

Table 1: Response Type (direct responses)

Response Type	Total	Percentage
Web (direct through Portal)	444	44%
Email	423	41%
Letter	150	15%
TOTAL	1,017	100%

**District Plan Consultation Responses (Interim Report no. 2:
Respondents entered to the Portal as of 17 July 2014)**

Table 2: Total number of respondents input to the Portal as at 17 July 2014
