DISCLOSABLE PECUNIARY INTERESTS

1. A Member, present at a meeting of the Authority, or any committee, sub-committee, joint committee or joint sub-committee of the Authority, with a Disclosable Pecuniary Interest (DPI) in any matter to be considered or being considered at a meeting:
 - must not participate in any discussion of the matter at the meeting;
 - must not participate in any vote taken on the matter at the meeting;
 - must disclose the interest to the meeting, whether registered or not, subject to the provisions of section 32 of the Localism Act 2011;
 - if the interest is not registered and is not the subject of a pending notification, must notify the Monitoring Officer of the interest within 28 days;
 - must leave the room while any discussion or voting takes place.

Public Attendance

East Herts Council welcomes public attendance at its meetings and meetings will continue to be live streamed and webcasted. For further information, please email democratic.services@eastherts.gov.uk or call the Council on 01279 655261 and ask to speak to Democratic Services.

The Council operates a paperless policy in respect of agendas at committee meetings, and the Council will no longer be providing spare copies of Agendas for the Public at Committee Meetings. The mod.gov app is available to download for free from app stores for electronic devices. You can use the mod.gov app to access, annotate and keep all committee paperwork on your mobile device. Visit Political Structure, Scrutiny and Constitution | East Herts District Council for details.

Audio/Visual Recording of meetings

Everyone is welcome to record meetings of the Council and its Committees using whatever, non-disruptive, methods you think are suitable, which may include social media of any kind, such as tweeting, blogging or Facebook. However, oral reporting or commentary is prohibited. If you have any questions about this please contact Democratic Services (members of the press should contact the Press Office).

Please note that the Chairman of the meeting has the discretion to halt any recording for a number of reasons, including disruption caused by the filming or the nature of the business being conducted. Anyone filming a meeting should focus only on those actively participating and be sensitive to the rights of minors, vulnerable adults and those members of the public who have not consented to being filmed.

1. Election of a Chair

Councillor I Albert, in the Chair, opened the meeting and invited nominations for a new Chair.

Councillor P Hodgson-Jones proposed Councillor C Gray. Councillor C Gray himself seconded the nomination. There were no other nominations. Councillor C Gray was therefore elected Chair.

2. Membership, substitutions and terms of reference

RESOLVED to note

- i. changes in membership of the Executive since its last meeting.
- ii. that there were no substitute members attending the meeting.
- iii. the terms of reference for the Executive, which were unchanged.

3. Communications and apologies for absence

Apologies were received from Councillor V Bryant, Councillor M Goldspink and Councillor C Wilson.

4. Declarations of interest

No Members had an interest to declare under any of the items of business on the agenda.

5. Minutes of the previous meeting

RESOLVED that the minutes of the meeting held on 25 March 2025 be approved and signed as a correct record.

6. Chair's announcements

Councillor C Gray (referred to as “the Chair”, hereafter) had no announcements to make.

7. CCTV Officer Management Board report

The CCTV Manager presented the report.

Members pointed out that they had not seen an end-of-year report for 2024/25. Officers said they would circulate this to them.

Referring to the financial table (“2025/26 Partnership Estimates Q2”), Members noted that the budgeted income from the company was £275,150 but the actual reported figure was £2,000. This left a balance of £247,520 to recover from partners. Members asked for an explanation of this.

Officers said it was due to timing. The figures were produced at the start of the year but cameras were requested and invoices issues throughout it. As the invoices were paid the gap would decrease. Officers reassured Members that this was nothing to be concerned about.

Updates would be provided in the Q3 report, they added.

Members noted that employee costs had totalled £36,516 by the end of Q2 but the end-of-year projection was £124,310 – not around £73,000, double the Q2 figure, as might be expected.

Officers noted that the Business Development Manager post, which was previously occupied, was currently vacant. This would show as a saving in the budget. Members asked why this variation was not shown in the fourth column, “2025/26 var to budget”.

Members said this and some other aspects of the table were not clear to them. Officers agreed to take it back to the finance department for review.

RESOLVED to note the report.

8. Operations and performance report

CCTV Operations and Performance Report

The CCTV Manager presented the report.

Section 4 summarised the CCTV camera refresh in the North Herts district. It said one camera still had an “intermittent fibre issue” which was, at the time of writing, still under investigation with the broadband provider.

Replying to a Member question, the CCTV Manager said the problem had been resolved since the report was written.

Section 6 of the report referred to CCTV installation in Stevenage. It said equipment at Ingelheim Court was awaiting a broadband connection. Members asked what the timescale was for this. The CCTV Manager said the Partnership had provided Stevenage Borough Council with a quotation and was awaiting an order.

A Member reported that a business in their ward had had its windows broken, and asked it should request footage of that. The Control Room Manager said that request should be made to the Hertfordshire Constabulary. They would investigate and the Partnership would supply to footage to them. From there, the police could supply the footage to the business owner.

Operational Code of Practice (Appendix A)

The CCTV Manager noted that this was unchanged from the version previously viewed by Members. There were no questions.

Partner and Client List (Appendix B)

The CCTV Manager presented the list.

Members noted that the client list included "Hertfordshire Schools". They asked what this meant, and whether it referred to a contract with Hertfordshire County Council's Education service at large or individual schools.

The Control Room Manager said coverage was offered to all but only a number had taken it up. In these cases, the school was not monitored during opening hours. It was, instead, monitored during closure hours as a guard against intruders, theft and vandalism. It was noted that some large schools were signed up to the Partnership's Service but others had contracts with other providers, or organised their own coverage.

Replying to a Member question, the Control Room Manager said that any town council or other body wishing to join should approach the Partnership through its district council. Officers confirmed that all district councils in Hertfordshire and Bedfordshire were aware of the Partnership, and it would be happy to accept new clients.

Members asked what discussions the Partnership Board, or other Officers, had had regarding the local government reorganisation that would take place over the coming years. They observed that it would have a profound effect on the current member authorities, but also presented an opportunity to expand its services.

The Control Room Manager said some technical upgrades would be needed but the capacity to cover the whole county largely already

existed. The Police and Crime Commissioner agreed in principle with expanding the Partnership's coverage. However, Officers said, until the boundaries of the new unitary authorities were known, it was difficult to know who to approach as potential clients.

Officers said they would investigate what discussions had taken place on the community safety workstream. They would report back to Members, either to the next meeting or in writing ahead of it.

Statistical summary (Appendix C)

The CCTV Manager presented the summary.

The Control Room Manager said 2024/25 was the busiest year, by incident number, since the Partnership moved into its current control room. Quarter 2 of 2025/26 had seen around 100 fewer incidents than Q2 of 2024/25.

Members asked why fluctuations like these happened. The Control Room Manager said it defied simple explanation, but said police capacity was often a contributing factor.

Showing the pie chart of incident categories, Officers noted the anti-social behaviour was the most common category, at 26%, and this would likely always be the case. Concern for welfare cases were in second place, on 14%, and this demonstrated the public safety purpose of CCTV coverage, in addition to the crime prevention and detection function.

Replying to a Member question, the Control Room Manager confirmed that the "theft" category included "shoplifting". Members remarked that 7% of incidents were classed as theft, and said this seemed low. Officers explained that businesses often reported shoplifting after the fact, whereas footage with the CCTV Partnership was only likely to be used in large or "live" cases.

The CCTV Manager noted that the "police airwaves" system had overtaken "controller" as the main source of calls. Officers told members that the Airwaves system proved more effective and efficient than the police radio system, and also offered the ability to immediately share images. It had largely supplanted radio for this reason.

Members noted that, since the Executive had agreed to meet every six months, each statistical report should cover two quarters of the year. This included the breakdown by partner authority, which, in the report for this meeting, only covered Q2. Officers said they would seek to provide the Q1 figures and cover the entire preceding six-month period in future meetings.

RESOLVED to note the Operations and Performance Report and its appendices.

9. Any other business

There was none.

10. Date and venue of next meeting

The Democratic Services Officer informed Members that East Herts District Council was due to host the next meeting. This would take place in March 2026. Officers there were exploring potential dates and would inform Members once one had been chosen.

Closure: 7.48 pm

SCHEDULE 2 Taken from the CCTV partnership agreement

Officer CCTV Management Board

Terms of Reference

The Management Board will take responsibility for significant decisions affecting the operational management of the joint CCTV initiative. They will monitor the effectiveness of the CCTV operations and associated financial and management controls. They will oversee all changes necessary to abide by new legislation and updates to the Code of Practice. They will also consider data and intelligence to help plan for and cope with movements in crime patterns and antisocial behaviour. They will report to the CCTV Joint Executive on the progress of the Partnership and significant decisions to be considered by partners.

Main Objectives

- To ensure that all significant operational decisions are agreed and ratified by officers representing the partner councils.
- To ensure that the Joint Executive Committee is made aware of changes to the day to day running of the partnership and able to provide adequate governance oversight of the operations.
- To ensure that the Joint Executive Committee is provided with adequate information on the performance and effectiveness of CCTV provision across the partnership.
- To drive innovation and oversee new opportunities to provide a cost-effective and well run CCTV Partnership.
- To monitor the financial operation of the Partnership and agree charges and reasonable inflationary increases.
- To take reports on any relevant items that affect the operation of the CCTV Partnership, including the Code of Practice and make recommendations to the Joint Executive Committee.
- To liaise with Shareholder Representatives to ensure clear communications between the CCTV Partnership and Hertfordshire CCTV Ltd.
- To liaise directly with the Company's Board of Directors.

Membership

The membership of The Officer CCTV Management Board is comprised of at least one nominated officer or their appointed representatives from each partner authority and the CCTV Operations Manager, employed by Stevenage Borough Council. The group accountant and other support services from Stevenage Borough Council will attend by request.

Frequency

The Officer CCTV Management Board will meet quarterly, or as required. Chair/Quorum/Venue

The Chair of the Board will alternate between each partner authority. The quorum will be maintained as long as one officer or their appointed representative from each partner is present. Venues will be agreed from across the partnership.

Reports

Minutes will be taken by the CCTV Manager and circulated to Board members no more than two weeks after each meeting.

The CCTV Management Board will provide progress reports to the CCTV Joint Executive on a regular basis.

Agenda Item 6

Hertfordshire CCTV Partnership

Hertfordshire CCTV Partnership is made up of four main partners:

- Stevenage Borough Council
- North Hertfordshire District Council
- East Hertfordshire District Council
- Hertsmere Borough Council

We also have a number of clients:

- Letchworth Heritage Foundation
- Central Bedfordshire Council
- Hertfordshire Schools.

The partnership is actively pursuing a joint initiative aimed at reducing the fear of crime across the principal public, residential, retail, business and schools within the partnership. The central feature of this initiative is the 24-hour, manned CCTV control and monitoring room facility in Stevenage.

- The CCTV Control is permanently staffed 24/7 365 days a year.
- The control is directly linked to the Police Headquarters Central Control Room at Welwyn Garden City.
- The Partnership use high quality Pan Tilt and Zoom (PTZ) cameras – depending on their location these will be either dome or shoebox type cameras and will be either pole mounted or mounted on Buildings.
- These cameras are high sensitivity, low light colour with external housing.
- The cameras are all transmitted to the control room on dedicated fibre giving the best quality.

In the future technology applications may be used to allow quality pictures to be linked using Broadband or Micro Wave. All Partnership town centre cameras are recorded onto digital hard drives and the information is stored for 28 days.

Agenda Item 7

Stevenage Borough Council Report

CCTV Joint Executive

Date of meeting: Thursday the 4th June 2026

Report by: Richard Baldock on behalf of the CCTV Officer Management Board

Report title: Officer Management Board Report

Ward(s) affected:

Not applicable as the report covers the four council partners' areas.

Summary

This report gives a brief overview of the Hertfordshire CCTV Partnership. It informs members of the 2025/26 Quarter 4 budget position.

RECOMMENDATIONS FOR THE CCTV JOINT EXECUTIVE:

- a) that the committee considers and provides any feedback on the Quarter 4 financial position for 2025/26

1.0 Background

- 1.1 At its meeting of 26th September 2023, the CCTV Joint Executive endorsed a revised approach to calculating the CCTV service costs to each local authority within the CCTV Partnership. This revised approach recognised the difference between pro-actively monitored cameras and static, reactive cameras given that use of the latter makes far fewer demands on the CCTV Control Room. At the same time, the revised methodology more accurately reflects the changes from time-to-time in the

number and type of cameras of each partner authority. The revised approach was implemented in 2023/24.

Overview of the Hertfordshire CCTV Partnership

1.2 The Hertfordshire CCTV Partnership is a collaborative initiative involving four local authorities in Hertfordshire, these being, East Herts, Hertsmere, North Herts and Stevenage. These councils work together to ensure the closed-circuit television (CCTV) systems are effectively managed and contribute positively to community safety and crime prevention efforts. The Partnership pools resources and expertise to manage and operate a network of CCTV cameras across the councils.

1.3 The key features of the Hertfordshire CCTV Partnership can be summarised as follows.

- **Collaborative Management:** The Partnership is managed on a day-to-day basis by Stevenage Borough Council with officer oversight and guidance provided by the CCTV Officer Management Board consisting of officers from the four councils. Member oversight is provided by a sub-committee of each council's Executive, that is, the CCTV Joint Executive. This method of working allows for efficient decision-making and resource allocation.
- **Shared Services:** By sharing services, the Partnership can reduce costs associated with the procurement, installation, maintenance and monitoring of CCTV systems. This includes leveraging bulk purchasing and shared infrastructure to achieve economies of scale.
- **Coverage and Scope:** The Partnership oversees a wide network of CCTV cameras covering various public spaces such as town centres, car parks and other key areas within the four

local authority areas. The cameras are strategically placed to maximise coverage and effectiveness in crime prevention and public safety.

- **Monitoring and Response:** The CCTV footage is monitored in real-time by trained operators at the CCTV Control Room in Stevenage. The operators can alert the police and others of incidents as they occur. This proactive monitoring helps in the rapid deployment of police resources to address potential criminal activities. In addition, there are a number of reactive cameras from which footage can be downloaded if required.
- **Data Protection and Privacy:** The Partnership adheres to strict data protection and privacy regulations, ensuring that CCTV footage is handled and stored securely. Access to the footage is restricted to authorised personnel and used only for legitimate purposes.
- **Funding and Resources:** The Partnership is funded through recharges to the member councils as discussed later in this report and income from its trading arm, the CCTV Partnership Company which provides services to the private sector and some other public sector bodies outside of the Partnership itself.

2 Reason(s)

2025/26 budget

- 2.1 Stevenage Borough Council provides financial management services for the Partnership. The table below presents the Quarter 2 CCTV Partnership Finance Summary.

	2025/26 Budget	2025/26 Actuals	2025/26 Variance to Budget	Comments
Employees	124,310	91,544	-32,766	"- c.£40k saving from the vacant BDM post, which is offset against a reduced income from the Company; and - c.£7k increase in salary cost resulting from the regrade of the CCTV Manager post (with on-costs)"
Premises Related	43,320	52,696	9,376	Additional costs at Cavendish Rd than budgeted (repairs & maintenance and depreciation)
Transport Related	920	1,849	929	Mileage costs (50% of which is charged to the Company)
Supplies and Services	640,890	615,346	-25,544	"- £20k saving on the Veracity Support annual licence fee (as this has been included for 5 years upfront as part of the recent upgrade); - £14k underspend on sundry materials; and - £9k pressure projected relating to the change in shift pattern for SSG (as previously communicated to the Partnership)"
Recharges	18,000	18,141	141	
Income from Company	-275,150	-229,675	45,475	"Reduction in Company income resulting from: - Vacant BDM post (c.£40k); and - Reduced Q4 camera unit charge, following the OOH adjustment (c.£5k)"
Income adjustment for the OOH service	0	-125,671	-125,671	Income relating to the Out of Hours (OOH) service to be received into the Partnership - backdated to 24/25
Balance to recover from partners	552,290	424,232	-128,058	

	Invoiced 25/26	Partner Cost 25/26	Difference	Average Camera No. + % of Total Cameras
Stevenage Borough Council	266,490	207,550	-58,938	131 cameras. 48.92%
East Hertfordshire District Council	105,960	80,260	-25,700	51 cameras. 18.92%
North Hertfordshire District Council	102,580	77,630	-24,950	49 cameras. 18.30%
Hertsmere Borough Council	77,260	58,790	-18,470	37 cameras. 13.86%
	552,290	424,230	-128,058	268 cameras. 100%

2.2 The charges to the partner councils will be invoiced during the year with any pressures or efficiencies reconciled after year end.

3.0 Risks

3.1 There is a risk that without adequate officer and member oversight of the CCTV Partnership's budget, significant unanticipated overspends could occur which would place financial burdens on the partner councils at a time when all councils are facing significant financial pressures. The risk is being mitigated by Officer Management Board meetings being held at least quarterly at which the latest budget projections are reviewed and any necessary actions to contain pressures are identified

4.0 Implications/Consultations

Community Safety

The provision of CCTV cameras is part of each council's efforts to promote community safety and protect the public as per the relevant Codes of Practice 2013 which was presented to Parliament pursuant to Section 30 (1) (a) of the Protection of Freedoms Act 2012.

Facilitate the prosecution providing evidence of offenders in both crime and public order offences.

The CCTV Control Room is monitored 24 hours per day each day of the year. Associated Police Control Rooms and other authorised users are given direct 24-hour access to the system.

Day to day management, co-ordination and overseeing the HCCTVP will be undertaken by the CCTV Operations Manager who is directly employed and funded by the CCTV Partners.

The CCTV Operations Manager will be directly responsible to The Management Board who will, in turn, be responsible to the Executive Board.

This Code of Practice has been arranged in agreement with the stakeholders and the Police. It provides a clear statement of the purpose of the scheme gives guidance on the operation and management of the systems IT and provides a method by which the Public can make representations to HCCTVP about issues raised in relation to the use and installations of CCTV.

All recorded material is owned by HCCTVP and will be subject to the Data Protection Act 1998, the Data Protection 2018 subject to Royal Assent, the General Data Protection Regulation 2018, and the Regulation of Investigatory Powers Act 2000.

3. THE PURPOSE STATEMENT

‘The Code of Practice is to regulate the operation of the HCCTV Partnership public space CCTV systems operating within Hertfordshire, Bedfordshire and South Cambridgeshire, it sets out the rules to be observed by the Partnership, its Members, employees, contractors, and the Police involved in the management, operation and administration of the CCTV system in place’.

4. PRIVACY

The HCCTV Partnership supports the individual’s right of privacy and will insist that all agencies involved in the provision and use of public CCTV systems connected to the CMR accept this fundamental principle as being paramount.

Every consideration will be given to the right of the general public to go about their daily business with minimum loss of privacy. Total privacy cannot be guaranteed within CCTV surveillance area; however, the cameras will not be used to unduly monitor persons going about their lawful business. It is inevitable that individuals could be caught on camera briefly during general surveillance, but persons will only be specifically monitored for any length of time if there is suspicion or knowledge that an offence may have occurred or be about to occur. In such an event, the CCTV Operator will log the incident giving reason for the monitoring of the individual. CCTV Operators must be able to justify their actions.

The CCTV system will be used for the provision of recordings for evidential purposes to the Police and other bodies having prosecution powers, such as

Review Date	3rd April 2027

HERTFORDSHIRE CCTV PARTNERSHIP LTD

Custom & Excise or the Health & Safety Executive. In some instances, the system will be used for the investigation of specific matters of a different type such as solicitors or insurance companies for road traffic incidents.

5. DATA PROTECTION

HCCTVP has an obligation to comply with the requirements of the DPA 1998 and the DPA – CCTV Codes of Practice 2008 and the General Data Protection Act 2018, (GDPR). The HCCTVP system is registered with the Office of the Data Protection Commissioner as a system with joint users and the CCTV Operations Manager is nominated as the Data Controller as required under the Act.

The Operations Manager is named as the Single Point of Contact, (SPOC), responsible for compliance and relevant legal obligations within the HCCTVP.

6. REGULATION OF INVESTIGATORY POWERS

The RIPA is to ensure that investigatory powers of the intelligence services are used in accordance with the Human Rights Act 1998. A working protocol for all internal and external requests for “Directed Surveillance” has been approved by the HCCTVP Executive Board members and is contained in the CCTV Control Room Assignment Instructions

7. DATA PROTECTION CODE OF PRACTICE FOR SURVEILLANCE CAMERAS

Principle 2 of the Surveillance Code of Practice states that the use of a surveillance camera system must consider the effect on individuals and their privacy. A PIA on each camera has therefore been undertaken and will be reviewed annually which include the POFA 2012, the HRA 1998 and Data Protection Legislation.

8. OTHER LEGISLATION

The CCTV system complies with the Airwave Service Code of Practice and holds the necessary TEA2 User Sub Licence. HCCTVP has conducted the 12 Guiding Principles in accordance with the requirements.

9. CHANGES TO THIS CODE

Any major change to this code will only take place after full consultation has been undertaken with the relevant interested bodies/groups and upon full agreement of the Partnership.

This Code of Practice and any subsequent amendments will be made available for public examination by the Operations Manager and is available on the website: - www.hertfordshirecctv.co.uk.

The Code of Practice will be subject to regular reviews at least annually.

10. PUBLIC INFORMATION

Cameras should not be hidden but should be placed on public view. Signage that CCTV cameras are operating will be placed in and around the surveillance area in locations visible to the general public.

The HCCTVP Annual Report will be published on the website following approval of the relevant board.

11. RESIDENTIAL PROPERTY

The network will operate in the manner that is sensitive to the privacy of people residing and working in surveillance area. The cameras will only view public areas and not look through windows/doors of private premises.

Pixilation will be overlaid to ensure that this is the case. Exceptions to this may be made when RIPA authorisation is in place or in response to a request by the police when a crime is believed to be taking place.

12. ASSESSMENT OF THE NETWORK

The CCTV Operations Manager is responsible for ensuring that the CCTV network is fully functioning and working to the operational requirements. Regular reviews on cameras and faults will be standard and faulty cameras that become beyond economical repair will be replaced.

Evaluation of the Network will include data on the following performance stats from our database such as: -

All visitors will be required, upon arrival, to sign in a Visitors Book and sign out on departure and to be kept by the CMR Operators and management.

The CCTV Manager is authorised to decide on behalf of the HCCTVP as to who can have access to the control room. This will normally be:

1. Staff employed to operate the control room
2. Authorised Police Officers to carry out downloads.
3. Police Officers collecting recorded media being considered or used for evidential purpose.
4. Maintenance contractors by prior arrangement
5. Only those persons with a legitimate purpose will be permitted access to the CMR, such as cleaners and SBC facilities staff.
6. The Independent Inspectors appointed under the Code of Practice may visit the CMR without prior appointment.

20. BREACHES OF THE CODE

Breaches of the Code of Practice will be investigated by a Senior Officer of the Partnership who is not directly involved in the management of the CCTV service. The findings of that officer will be presented to the CCTV Executive Board which shall determine if any disciplinary action warranted and what remedial action/ changes may be required to prevent a recurrence.

21. CONTROL ROOM OPERATIONS AND MANAGEMENT

Control and Monitoring room operations will only be carried out by a reputable and competent security company which can demonstrate an ability to maintain the confidence of the Public, the Police, the Crown Prosecution Service and CCTV System owners. At all times the company will be required to comply with the standards contained in the British Standards Authority Code of Practice

Throughout the period of the contract all operators will have a Security Industry Authority, SIA licence and BSIA 7858 and 7499 compliant.

Only personnel who are fully trained or under supervised training in the use of the systems monitoring equipment, communication systems and the operational and management procedures required under this Code of Practice will be permitted to undertake duties within the CMR.

22. INDEPENDENT INSPECTORS

A system is in place to allow authorised independent inspection of the CMR, its operational procedures and review footage of the operators work.

Independent inspectors will be persons who have undergone police vetting and verification procedures. They will be allowed access to the CMR at any time without prior notification.

Independent Inspectors shall be encouraged to carry out frequent and random visits with a minimum of one visit per month.
