

## COUNCIL – 22 FEBRUARY 2012

### MEMBERS' QUESTIONS

#### Question 1

Councillor P Ruffles to ask the Executive Member for Community Safety and Environment:

*A mill was powered by the water flow of the River Lea at the site of Hertford Theatre for well over 1000 years. There was a positive report about re-provision of water power (hydro power) to Hertford Theatre to the January meeting of the Council's Executive. The aim of the proposal is to cut the Theatre's energy bill; to reduce the national carbon expensive energy demand from the National Grid and to set a good example in the community locally and more widely. Some Hertford Members have consistently pushed for East Herts to take this initiative and develop a plan. Is there a positive update for Members?*

#### Question 2

Councillor J Ranger to ask the Leader of the Council:

*Does the Leader agree that Members and Town/Parish Clerks should be advised of any enforcement action which it is proposed to take or not to take in their Wards or Towns/Parishes?*

#### Question 3

Councillor M Wood to ask the Leader of the Council:

*Will the Leader be writing to the Communities Secretary of State Eric Pickles MP advising him that East Herts does not wish to revert to fortnightly waste collections and at the same time advise him of the great success of our ARC scheme?*
