## Scrutiny Work Programme Essential Reference Paper B

The four principles of good public scrutiny:

- provides 'critical friend' challenge to executive policy-makers and decision-makers
- enables the voice and concerns of the public and its communities
- is carried out by 'independent-minded governors' who lead and own the scrutiny role
- drives improvement in public services

## Currently within East Herts Council, the criteria for selecting issues:

For the Scrutiny Committee to select an issue to review, it must meet all of the following criteria:

- Of local, and preferably current, concern
- Linked to the council's corporate objectives
- Capable of being influenced by this committee
- Of manageable scope focused rather than too wide ranging
- Of sufficient scope to warrant a scrutiny review not something that can be easily fixed by meeting with the service provider
- Not being scrutinised elsewhere (e.g. another Scrutiny Committee)

At the last scrutiny evaluation there was a feeling, in the light of the current economic climate and limited resources, that **there should also be some consideration given to**:

- areas where significant costs might be incurred or could be saved
- minimising the level of risk associated with the topic/issue
- the length of time since the topic was last reviewed.
