

ESSENTIAL REFERENCE PAPER 'B'

Proposed policy statements arising from the East Herts Council Parking and Transport Strategy received by the East Herts Executive on 22 May 2012.

- We will seek to maintain car parking income at current levels in real terms.
- We will seek to ensure that users pay for the parking service rather than the council tax payer.
- We will promote existing and explore new technologies to improve the overall convenience of parking in East Herts.
- We will seek where possible and appropriate to match parking capacity with demand.
- We will seek to develop and implement parking solutions that reflect local needs.
- We will make the economic vitality of East Herts a core consideration when developing parking services.
