

COUNCIL – 16 OCTOBER 2013

MEMBERS' QUESTIONS

Question 1

Councillor M Wood to ask the Executive Member for Community Partnership and Liaison:

This Council often talks about diversifying the membership of this Council in order to have a good cross section of the population, would that aim be assisted if we did not have Full Council meetings in the first week of School Summer Holidays and in Half Term? And therefore would the future programming of meetings take that into account?

Question 2

Councillor J Wing to ask the Executive Member for Strategic Planning and Transport:

In view of the discussion at the recent District Planning Executive Panel meeting, when it became clear that inadequate provision of schools and school places could make delivery of a sustainable District Plan impossible; will Councillor Carver write to the Secretaries of State for Education and Local Government, and to our local Members of Parliament, expressing the Council's concern that current Government policies on the capital funding of new schools impose severe restrictions on the ability of the Council to deliver a sustainable District Plan?
