Dear Mr Steptoe

## NEIGHBOURHOOD PLAN – BRICKENDON LIBERTY PARISH COUNCIL

I refer to our recent telephone conversation and I am grateful for your advice that in order for East Herts Council to commence the publicity required in relation to an application to designate a Neighbourhood Plan, a supporting statement is required as to the appropriateness of the proposed designation.

‘The Parish of Brickendon encompasses a unique and cohesive area which should be afforded protection in the interests of its residents. For the sake of equitability it is felt that the area should not be treated any differently from the whole of the area of East Herts.’

I trust that the above statement will support the Parish Council’s application and complies with section 5 of the Neighbourhood Planning (General) Regulations 2012.

Yours sincerely

John Ingham  
Clerk of the Council
