Consultation:	None although the draft vehicle parking standards will form part of the Pre-Submission District Plan which will be subject to public consultation.
Legal:	None
Financial:	None
Human Resource:	Preparation of the District Plan as a whole continues to require significant human resources.
Risk Management:	Failure to include vehicle parking standards within the District Plan would result in a risk that the required balance between adequate provision for car parking as part of new developments, and the need to encourage more sustainable forms of transport would not be achieved.
Health and wellbeing – issues and impacts:	The link between planning and health has been long established. The built and natural environments are major determinants of health and wellbeing.
