EFDC Youth Council		Consultation Date Draft Oct 2020 (Consultation Version)	10/11/2020	Cuminities: What do you think is most important in your future home? (Poll): Low cost energy bills and a structure built to lasts 50% Nature and green space close (p: 10%, God walking and cycling routes to get and from work, school and activities: 20%, A tight-shoit community on reglibeuthood! (0%, Space to grow by own food and be near healthy activities: 0%, Cher: 10%.	General	Type an existing more response
EFDC Youth Council	Youth Councillors (13- 14 y.o) Youth Councillors (13- 14 y.o)	Draft Oct 2020 (Consultation Version)	10/11/2020	Need green spaces in the home – garden – walk dops, freedom to play, Printe outdoor space important. What do you think a most important to help you to stay healthy! (PoI): High quality health and community centres: 30%, Regular physical activity and good arquality: 30%, Ahome with good liph, ventilation and materials: 0%, Great outdoor and green spaces for physical and metarthal wellibeing: 30%. Strong community leadership and support networks: 0%, Other:10%.	Environmental General	Green Infrastructure & Biodiversity
EFDC Youth Council	Youth Councillors (13- 14 y.o)	Draft Oct 2020 (Consultation Version)	10/11/2020	Not just necessary to have high quality health centres but important for combinations – like a GP near a park, near residents. Have to sometimes weigh up options and adjust so it's not biased in any way. Hard to say what is more important.	Environmental	Design Approach: First Principles
EFDC Youth Council		Draft Oct 2020 (Consultation Version)	10/11/2020	All / Ourdoor and Green Spaces: Prevent ill health from the start – sports injuries might happen. But long-term diseases exc. can be prevented by being active, especially at a young age. Prevent necessity for the other options if you get one right. Street and good air quality	Environmental	Green Infrastructure & Biodiversity
EFDC Youth Council	Youth Councillors (13- 14 y.o)	Draft Oct 2020 (Consultation Version)	10/11/2020	How do you want to travel in the future? (Poll): Bus: 0%, Bike: 56%,	Environmental	Sustainable Movement
EFDC Youth Council		Draft Oct 2020 (Consultation Version)	10/11/2020	Walkel 1%, Car or Mopeé. 11%, Car Share: 11%, Taxi: 1%, Taxi: 1%, Bike: Good to get you close to local spaces like shops school or work. Ic's also healthy – good for you. More efficient and can get you to place quicker. If long distance then would choose a but train or car. Not as good for the environments would like to cycle more. Would be more likely to cycle if parents also cycled – they use cars	Environmental	Sustainable Movement
EFDC Youth Council	Youth Councillors (13- 14 y.o)	Draft Oct 2020 (Consultation Version)	10/11/2020	Not bike: Streets in Loughton and Debden are dangerous, improve roads and pavements and you'll get more people to do that. Putting people at risk by asking people to do this – increases pressure on NHS	Environmental	Sustainable Movement
EFDC Youth Council	Youth Councillors (13- 14 y.o)	Draft Oct 2020 (Consultation Version)	10/11/2020	electrified. Mass transit, eco-friendly and not compromising on the	Environmental	Sustainable Movement
EFDC Youth Council	Youth Councillors (13- 14 y.o)	Draft Oct 2020 (Consultation Version)	10/11/2020	environment How can we help to make communities more fair and equal for everyone (Eg. different ages, ethnicites, gender, money) (Pol): response: Create strong community feeling 11%, Provide skills, training and job opportunities: ( <b>05, Support Iocal and eco-friendly</b> <b>businesses: 33%</b> , Improve residents halth and mental welbeing 11%, <b>Provide skalls, warm and affordable homes: 33%</b> .	Socio-Economic	
EFDC Youth Council	l4 y.o)	Draft Oct 2020 (Consultation Version)	10/11/2020	primary school kids and even earlier that this is how the community should be - reiterate it so it's fair - different genders and lives. This leads to equality in other things. For money - provide skills and job opportunities, but not the most important for society.	Socio-Economic	Community Strength & Social Infrastructure
EFDC Youth Council	Youth Councillors (13- 14 y.o)	Draft Oct 2020 (Consultation Version)	10/11/2020	Eco-friendly businesses: Helping the council and everyone out as well as making money. Input into community. Win win for everyone	Socio-Economic	Economic Growth & Job Creation
EFDC Youth Council	Youth Councillors (13- 14 y.o)	Draft Oct 2020 (Consultation Version)	10/11/2020	How are we minimising the noise and visual pollution of the M11? E.g. waterfalls in the gardens/planting, 24/7 noise, people want their windows open	Environmental	Design Approach: First Principles
EFDC Youth Council	Youth Councillors (14- 17 y.o)	Draft Oct 2020 (Consultation Version)	10/11/2020	Walcuss open <sup>1</sup> Wata do you khink is most important in your future home! (Pol): Low cost energy bills and a structure built to last 36% Nature and green space: does 17:2%. God walking and cycling routes to get and from work, school and activities: 36%, A tight-knit community or neighborhood/05% Space to grow by own food and be near heakity activities: 0%, Other: 0%.		
EFDC Youth Council	Youth Councillors (14- 17 y.o)	Draft Oct 2020 (Consultation Version)	10/11/2020	Low cost bills: Housing needs to be sustainable. Financial security is important for families – although all the answers are important, lots of activities outside the home e.g. school, community.	Environmental	Energy Efficiency & Carbon Reduction
EFDC Youth Council	Youth Councillors (14- 17 y.o)	Draft Oct 2020 (Consultation Version)	10/11/2020	Low cost bills: Couldn't decide between this and walking/cycling – equally important in terms of mental health and being able to live happily – e.g. stress from high costs of bills.	Environmental	Energy Efficiency & Carbon Reduction
EFDC Youth Council	17 y.o)	Draft Oct 2020 (Consultation Version)	10/11/2020	Nature and green spaces: Green spaces nearby can help you go out and be active - helps with both physical and mental health. Breathing in more oxygen. More motivated if it's closer by to visit immediately to de-stress and regularly.		Green Infrastructure & Biodiversity
EFDC Youth Council	17 y.o)	Draft Oct 2020 (Consultation Version) Draft Oct 2020 (Consultation	10/11/2020	Walking and Cycling: Foture home – needs easier way to get kids to school and yourself to work means more time for yourself after and therefore less stress. Travelling easier. A good way to get physical exercise outside. What do you think is most important to help you to stay healthy?	Environmental General	Sustainable Movement
EFDC Touth Council	17 y.o)	Version)	10/11/2020	virtate do you tanka a most important to neep you to say neatiny: (Pol)Response: http://dialahy.heahida.community.echires: 0%, Regular physical activity and good air quality; 64% A home with good light-contaction and materials: 9%, Creta condoor and green spaces for physical and mental wellbeing: 18%, Strong community leadership and support networks: 0%, Other: 9%	General	
EFDC Youth Council	Youth Councillors (14- 17 y.o)	Draft Oct 2020 (Consultation Version)	10/11/2020	Good healthcare – you can help yourself by going to park and running. Needs to balance where you place things and mix uses	General	
EFDC Youth Council	17 y.o)	Draft Oct 2020 (Consultation Version)	10/11/2020	Quality Homes: Majority of us spent a lot of time in our houses especially during lockdown – need good lighting to focus	Environmental	Design Approach: First Principles
EFDC Youth Council		Draft Oct 2020 (Consultation Version)	10/11/2020	How do you want to travel in the future? (poll):Bus: 18%, Bike: 9%, Walk:18%, <b>Car or Moped: 36%</b> , Car Share: 0%, Taxi: 0%, Train: 18%		Sustainable Movement
EFDC Youth Council	Youth Councillors (14- 17 y.o)	Draft Oct 2020 (Consultation Version)	10/11/2020	Car: What to be able to take myself to other placts – other ones like bases, taxis, trains etc. mean you don't have the same level of independence. Not the best for the environment, but the most efficient to get to places. Acknowledge bikes can also provide but car is preferable. If legiture things were closer then maybe would consider cycling but not everything is going to be that close	Environmental	Sustainable Movement
EFDC Youth Council	Youth Councillors (14- 17 y.o)	Draft Oct 2020 (Consultation Version)	10/11/2020	Walk: Helps with stress, and helps focus more. A longer journey – would be happy to walk to station or bus stop. PT is better for the environment. Traffic would make it stressful	Environmental	Sustainable Movement
EFDC Youth Council	17 у.о)	Draft Oct 2020 (Consultation Version)	10/11/2020	Car: Living in countryside – used to busy areas and traffic so that doesn't stress out. Better for time, can go at own pace – meeting deadlines like getting to work and having to wait for buses. Safer for families in cars – less restricted in own car. Mixing with strangers on the bus	Environmental	Sustainable Movement
EFDC Youth Council	17 y.o)	Draft Oct 2020 (Consultation Version) Draft Oct 2020 (Consultation Version)	10/11/2020			Sustainable Movement Sustainable Movement

HGGT	T All-Member Briefing	Clir Pope	Version) Draft Oct 2020 (Consultation	18/11/2020	afford to heat them. Low cost energy bills, structure built to last - good design of the	Environmental	Design Approach: First Principles
			Version)		houses themselves and surrounding area - appropriate of design and character. Houses not crammed in, space between them		
HGGI	T All-Member Briefing	Members	Draft Oct 2020 (Consultation	18/11/2020	Nature and Green space	Environmental	Green Infrastructure & Biodiversity
HGGT	T All-Member Briefing	Members	Version) Draft Oct 2020 (Consultation Version)	18/11/2020	ofter more we build the less green space you have. of vaneed to be build be to go out and while or riske oCars are important to this generation as shops aren't close offers not green space are very important. of out should be able to green your own fixed Close knit community offersal health important olonelines is important to address olonemuist pays int a raily important.	Socio-Economic	Community Strength & Social
HGGT	T All-Member Briefing	Clir Bolton	Draft Oct 2020 (Consultation Version)	18/11/2020	oNew developments are soulless at first oYou should be able to connect with your neighbours Tight knit community or neighbourhood – compensates for a lot of other things that can be bad. Important for mental health	Socio-Economic	Health & Wellbeing
HGG1	T All-Member Briefing	Cllr Eric Buckmaster	Draft Oct 2020 (Consultation Version)	18/11/2020	Nature and green spaces. Grew up in the East End of London on council estate – two big parks in walking distance. Memories of youth	Environmental	Green Infrastructure & Biodiversity
					= being outside all the time. Good for physical and mental health - formative years is access to green space		
HGGT	T All-Member Briefing	Cilr Sally Newton	Draft Oct 2020 (Consultation Version)	18/11/2020	Nature and green spaces. Born in and benefitted from Welwyn - green space and woods, schooling, ability of shops nearby - beginning to realise invaluable to provide opportunities to get where she is now. Green spaces absolutely essential.	Environmental	Green Infrastructure & Biodiversity
HGGT	T All-Member Briefing	Clir Goodeve	Draft Oct 2020 (Consultation Version)	18/11/2020	Good walking and Cycling, Walked to school as a child – more connected with own neighbourhood. Greater sense of belonging. No need to be driven to school and polluting the environment. Didn't used to have fat children. Exercise did them good.	Environmental	Sustainable Movement
HGGT	T All-Member Briefing	Clir Ruth Buckmaster	Draft Oct 2020 (Consultation Version)	18/11/2020	Walk and cycle everywhere – intention for modal shift to get people back into sustainable travel. We need safer routes. Better routes to schools, shops everywhere else. We need this in place in new developments and across the town	Environmental	Sustainable Movement
HGGT	T All-Member Briefing	Members	Draft Oct 2020 (Consultation Version)	18/11/2020	What do you think is most important to help people to stay healthy? (Pol)F.High quality health and community centres: 11%, <b>Regular</b> <b>physical activity and good air quality:</b> 31K A home with good light, ventilation and materials: 17%, Curdoor spaces such as parks and outdoor gram: 95%, An inclusive and engaged community with neighbourhood activities and groups 22%, Other: 0%	General	
HGGT	T All-Member Briefing	Members	Draft Oct 2020 (Consultation Version)	18/11/2020	Regular physical activity, good air quality o This is a personal choice, we can only enable people to exercise o You need open spaces which give you the ability to do physical activity o Air quality = control of cars of Iyou have a design which encourages people to walk and cycle then this builds in physical activity o Good for memory and physical wellbeing	Environmental	Air Quality
HGGT	T All-Member Briefing	Members	Draft Oct 2020 (Consultation Version)	18/11/2020	Healthy homes a Good quality housing is very important as it is the linchpin to good health, both memil and physical o You need or get the housing right to get the community right o You also need really good schools and education o Welwing Garden for junk astood the text of time and we need to emulate this o We need to be able to get out of the home, you need places outside the home like nature and community	Environmental	Energy Efficiency & Carbon Reduction
HGGT	T All-Member Briefing	Clir Hill	Draft Oct 2020 (Consultation Version)	18/11/2020	Physical Activity - Incorporates all the other options anyway - an umbrella theme	Environmental	Health & Wellbeing
HGGT	T All-Member Briefing	Clir McMullen	Version) Draft Oct 2020 (Consultation Version)	18/11/2020	Physical Activity - Lives in the countryside, and Covid means noticed more people have been walking - importance of getting out and fresh	Environmental	Health & Wellbeing
HOCT	T All-Member Briefing	Clir Carter	Draft Oct 2020 (Consultation	18/11/2020	air - healthy mind and healthy body Inclusive and engaged community - requires people to do things	Socio-Economic	Community Strength & Social
nggi	an cander briefing	Les Castel	Version)		Inclusive and engaged community – requires people to do things themselves. We can facilitate but it's really down to the individual. Thinking of an outdoor gm – what can be designed in to help facilitate, and then down to individual to take the initiative?		Community Strength & Social Infrastructure

HGGT All-Member Briefing	Clirs Buckmaster	Draft Oct 2020 (Consultation Version)	18/11/2020	Inclusive and engaged community linked with high quality facilities. More for older people than younger people there, but using different communy, sports groups, can contact any of them 4 you need anything. Community engagement so inportant. Tool and engagement linked to infrastructure. Forever Active programme in solveridgeworth has teep people hashing and exercising, and people have goet through the programme and got to know each other – a plot that has more around the rest of the dissistic	Socio-Economic	Community Strength & Social Infrastructure
HGGT All-Member Briefing	Clir Sally Newton	Draft Oct 2020 (Consultation Version)	18/11/2020	People are walking and cycling everywhere – danger is that there is going to be a serious accident on the routes and lanes and tracks. Absolutely imperative we make them safe.	Environmental	Sustainable Movement

HGGT Developer Forum ECC Draft Oct 202

Draft Oct 2020 (Consultation 26/11/2020 Version) Grateful for points about healthy places and issues with securing Environmental healthcare provision (e.g. availability of GPs). I know my Nabki Health colleagues would concur with that point. Their call however would be to ensure that the design focts of Collson & other HGGT developments is on creating a healthy place and promoting healthy lifestyles, thus whiching the emphasis to a preventative approach with people Inviron across healthy lifestyles. Gliston has great opportunities for that - to copalities on and these can benefit the whole Garden Town, helping to address health inequalities too. The Healthy Town Framework should be treated as a prompt for the above approach (Tomphasa and the HIA process also promotes that approach and will help with it.

Design Approach: First Principles
