

PUBLIC QUESTIONS

Question 1	Beryl Wrangles to ask Cllr Graham McAndrew, Executive Member for Environmental Sustainability:
<p>To ask the executive member for Environmental Sustainability when parking policy will be changed to accommodate RPZs deemed necessary for the granting of planning permission to mitigate the impact of infill development and prevent the deterioration of quality of life for existing residents? I of course am specifically interested in Tamworth Road, Hertford where I have lived for over 30 years, but would appreciate that residents in other areas of the district are potentially similarly affected.</p>	
Question 2	Ann Forbes to ask Cllr Graham McAndrew, Executive Member for Environmental Sustainability
<p>You will be aware that we had a very successful COP 26 Community Climate Gathering in Bishops Stortford over the weekend of 6/7 November; we are grateful for the Council's financial support towards the cost of the event. We had to move to a bigger venue to accommodate the high level of interest! Over 100 people of all ages attended over the two days with the express aim of discussing positive ways to improve our quality of life in our town. We were delighted to be joined by the few councillors who attended but disappointed that there weren't more who were interested in joining us to listen to ideas from the Bishops Stortford community about improving our town.</p> <p>Ten working groups are now established as a result of the Gathering, all under the umbrella of the Bishops Stortford Climate Group, working on a range of topics including Solar advice, Vegan offers in the town, waste and recycling, an Eco directory, Community orchard, Community vegetable growing and improved walking and cycling safety.</p>	

In what ways will EHDC further support us in this exciting, community led initiative?
