

OUTSIDE BODY – ANNUAL UPDATE

Outside Body:

Innovation corridor (previously known as LSCC)

Purpose:

The Innovation corridor is a partnership of public and private organisations covering the area north of Tech City, the City Fringe, Kings Cross, and the Olympic Park, up through the Lee Valley and M11/A10, and West Anglia Rail corridors to Harlow and Stansted, and through to Cambridge. The partnership was formed to organise and promote a clear economic area, with strong inter-connections; commuting to work and learn patterns, clusters of industries and supply chains.

East Herts Council Representative(s):

Cllr Haysey

Update:

The Board of the Innovation Corridor meets every two months. Work this year has been focused on reviewing the strategic focus along this corridor.
