

Motion on Notice for Non-Key Decision – Reduced Parking Charges for town centre workers in Bishops Stortford

In July the Executive Member for Environmental Sustainability published a Non-Key Decision regarding reduced parking charges for town centre workers in Bishop's Stortford. This proposed reduction was supported by the Bishop's Stortford BID and many retail workers and could save town centre workers; many of whom are on minimum wage, around £400 a year.

Extraordinarily, the Executive member then withdrew his own Decision.

This Council requires that the Executive Member enacts the already announced policy without further delay.

Proposed by Councillor John Wyllie  
Seconded by Councillor Ian Devonshire
