

Rotary Carols on Fair Green on Christmas Eve – map

Key and further details...

-  temporary road closure (20mph route, not a bus route, street lit)
-  local alternative route
-  "Road closed" sign, bollards and tape
Behind the closure signs at each end, a vehicle is positioned across the road for crowd protection but easily moved for emergency services to get through. This was recommended by Herts Police at the time of terrorist drive-throughs and has been retained as good sense ever since.
