Decision

Advertise and make the Road Traffic Regulation Order to enhance the design of the car park in respect of increasing the overall number of disabled parking spaces by two in order to improve disabled customer access to the theatre.

Date of Decision

4 January 2024

Reason(s) for decision

As part of the Hertford Theatre redevelopment project, the board team reviewed parking for disabled customers, leading to St Andrew Street car park being identified as an area where improvements could be introduced to improve accessibility, in respect of the creation of new spaces that are positioned closer to the theatre.

Details of alternative options considered and rejected

Not progressing the TRO. This could be detrimental to disabled customers, leading to poorer outcomes in terms of public engagement and personal wellbeing, and potentially leading to an increase in vehicular congestion and associated impacts on air quality in the town.
