

### East Herts / Harlow Local Development Framework; Issue and Option

East Herts Council has invited response on a number of questions, of which only one relates directly to the land north of Harlow. STOP Harlow North has prepared a response to that question as shown below. If you support that response, then please confirm as such in [the form at bottom of this page](#), add your details and click 'Submit'. Based on your response we will create a standard letter in your name which will be sent to East Herts Council.

At some stage Harlow Town Council will be conducting a parallel consultation on their Local Development Framework which might also include reference to Harlow North. If so and if appropriate, then we will respond in your name to express the same objections.

**East Herts Question 43: Do you agree with the consultants' Suggested Approach in respect of growth to the north of Harlow? If not, how would you distribute development in accordance with Policy HA1 of the East of England Plan and why? If development to the north of Harlow is no longer required by the East of England Plan, should we consider north of Harlow as a broad location to meet some of the East Herts district wide housing requirement?**

**Harlow Question 26: What is your view on the consultant's Suggested Approach to accommodating growth around Harlow**

1. I do not agree with the consultant's suggested approach in respect of growth north of Harlow. It was constrained by policy HA1 of the East of England Plan which has since been revoked. The consultants' own work indicates that, without that constraint, Option C is the preferred approach. The consultants' approach is unsustainable and will do untold economic and environmental damage.
2. There is no longer any need to distribute development in accordance with policy HA1 of the East of England Plan as the Plan has been revoked by the new Government. I support a better not a bigger Harlow.
3. The green fields north of Harlow are not suitable as a broad location to meet district wide housing requirements. The area should remain an essential part of (an extended) Green Belt
4. The towns and villages north of Harlow should be treated in the Local Development Framework no differently from other towns and villages of similar size and character in the district.
5. I support limited housing to meet local needs in accordance with locally developed parish and town plans
6. I strongly object to major development north of Harlow

I agree with (1) above	<input checked="" type="radio"/> Yes <input type="radio"/> No
I agree with (2) above	<input checked="" type="radio"/> Yes <input type="radio"/> No
